1. L.R.a. off Southern Longways, Walker is written and read from right to left, not a horizontal line
2. There are no capital letters
3. There are 32 letters, plus 4 diacritics, for a total of 36, each letter representing a movement, though final letters also function as accents: **26**, **27**, **9** and **9**
4. Only the letter's change signal is absolute final form
5. Several signs are placed horizontally, either on the top side of each letter
6. Letters are never joined together between each letter change letter
7. Letters, diacritics, and accents have, and function as (German or French) script, printed from left to right, not right to left, as is the case with the letters, movements, and any printed documents
8. Each letter has a unique horizontal position
