**Free from Hepatitis C** Lucinda K. Porter, 2012-04-19 For decades having hepatitis C virus (HCV) was the equivalent of serving a life sentence with a dangerous liver disease. All of that changed with the discovery that the virus could be defeated with a new treatment. To shed light on this groundbreaking therapy, Lucinda Porter, a registered nurse, a passionate HCV advocate, and a hep C patient herself, has written a comprehensive guide for people who are undergoing or considering this new hep C treatment. Ms. Porter begins by explaining what hepatitis C is. She then looks at both the mainstream and the alternative management techniques currently used to keep the virus in check. From there, she examines hep C's new therapy and what you can expect from it. The author demystifies test results, provides important questions you can ask your healthcare provider, and offers advice, all with the compassion of someone who has gone through the process herself. Well over 3 million North Americans live with hepatitis C. Here at last is all the information they need to make informed decisions about their future.

Hepatitis C Treatment One Step at a Time Lucinda Porter, 2013-09-19 Hepatitis C is the most common blood borne virus in the U.S. The Centers for Disease Control and Prevention estimate that 3.2 million Americans are chronically infected with the chronic hepatitis C virus (HCV). Treatment for HCV is long, sometimes lasting a year or more, with success rates currently around 50%. And the medications often cause incapacitating side effects. Two new medications introduced in 2011 are showing success rates of 75 to 80%. However, these new medications are taken with existing HCV drugs and include and intensify the side effects. *Hepatitis C Treatment One Step at a Time* provides the practical advice and daily inspiration you need to help you successfully make it through hepatitis C HCV treatment. Deciding to undergo hepatitis C treatment is one of the bravest and most important steps toward health you'll ever make. As a former Stanford nurse in the HCV field and a patient who was treated twice for HCV, Lucinda K. Porter understands how physically and emotionally challenging treatment can be. In *Hepatitis C One Step at a Time*, she provides entries for each day of treatment, offering you a daily dose of relief, encouragement, and tips to help you stay on treatment. From dealing with fatigue and nausea to nosy co-workers and lab results, Porter provides everything you need to know to ease the process, including how to Prepare for treatment mentally, physically, and financially; Manage side effects; Set up a support system; Keep your spirits up with daily inspiration and humor; Celebrate your strength and acknowledge your milestones; Find additional community and up-to-date information with an extensive resources section.
