would undoubtedly face savage punishment if exposed from being thrown off a cliff to public beheading Parvez's odyssey is at once audacious, global, and remarkable. He meets everyone from extremists to explorers of the spiritual kind and the world they open up is frightening yet breathtaking. In Mecca, Parvez comes out to a pilgrim who then asks him why he would want to be part of something that wants no part of him. This book is his answer to this question and many more. Parvez provides an unflinching look at our troubling, unfolding history, including Hizbullah, ISIS, Trump, the race wars, an embattled Europe, and more. He offers real solutions borne of his efforts to get his hands dirty to find them. This is a lived history and its author is no armchair theorist. Following the New York Times Critics' Pick hit documentary of the same title, *A Sinner in Mecca*, unflinchingly showcases parts of the dangerous ideology that governs today's ISIS and how much it has in common with Saudi Arabia's sacred yet treacherous dogma, Wahhabi Islam. *A Sinner in Mecca* is simultaneously one man's personal odyssey as well as a groundbreaking, provocative revelation of a clandestine world and its fastest growing and most contested religion.

The Changing World Religion Map Stanley D. Brunn, 2015-02-03. This extensive work explores the changing world of religions, faiths, and practices. It discusses a broad range of issues and phenomena related to religion, including nature, ethics, secularization, gender, and identity. Broadening the context, it studies the interrelation between religion and other fields, including education, business, economics, and law. The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions. Beginning with an introduction of the concept of the changing world religion map, the book first focuses on nature, ethics, and the environment. It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths. Next, the book turns to the theme of the pilgrimage, illustrated by many examples from all parts of the world. In its discussion of the interrelation between religion and education, it looks at the role of missionary movements. It explains the relationship between religion, business, economics, and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations. The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North: Europe, Russia, Australia, and New Zealand, the U.S., and Canada, and the Global South: Latin America, Africa, and Asia. It does so by looking at specific population movements, diasporas, and the impact of globalization. The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan, cosmopolitan, and gateway cities and regions in the Global South. The final part of the book explores the changing world of religion in regards to gender and identity issues, the political religious nexus, and the new worlds associated with the virtual technologies and visual media. *A Spirituality for*

elites to the poorest emigrants have consistently forged or fathomed links to distant lands populations and intellectual traditions Through a series of inventive cultural and historical explorations Eastern Europe Unmapped dispenses with scholars long time preoccupation with national and regional borders instead raising provocative questions about the area s non contiguous and frequently global or extraterritorial entanglements Religious Diversity Today Jean-Guy A.
