The Future of the Occupation of the Palestinian Territories after Gaza Erwin van Veen, 2025-08-19 This open access book outlines four scenarios for the future of Israeli occupation of the Palestinian Territories as a broad canvas on which the interests roles and perspectives of the key stakeholders involved in occupation are subsequently painted An indirect result of 58 years of Israeli occupation of the Palestinian Territories the Hamas attack on Israel of 7 October 2023 and the ensuing Israeli military campaign have greatly worsened Palestinian security in the short term and Israeli security in the long term Durable prospects for achieving reconciliation and peace are now shrouded in uncertainty as political forces and views on both sides are likely to polarize and radicalize even further October 7 and its aftermath have also introduced new uncertainties about the future nature of Israeli annexation and the modalities as well as extent of Palestinian resistance Old frames have lost much of their validity such as the Oslo agreements or even the logic underpinning security cooperation between the Palestinian Authority and the Israeli military The book aims to improve our understanding of the post October 7 context of occupation and the initiatives required to end it in the future Ultimately the book's intention is to shake up complacent policies and debates about the occupation of the Palestinian Territories by providing a more realistic basis for both reflection and action While short form analysis e.g. blogs essays and briefs of October 7 and the ensuing events have proliferated there has been little to no comprehensive analysis of the significance of these events for the future of occupation Using the method of scenario planning to develop an analytical baseline the added value of this book is that it offers a multi dimensional consideration of this question both through the range of stakeholders it covers and the variety of its authors with respect to their research focus and perspective

The Islamic Threat John L. Esposito, 1999-10-07 Are Islam and the West

on a collision course From the Ayatollah Khomeini to Saddam Hussein the image of Islam as a militant expansionist and rabidly anti American religion has gripped the minds of Western governments and media But these perceptions John L Esposito writes stem from a long history of mutual distrust criticism and condemnation and are far too simplistic to help us understand one of the most important political issues of our time In this new edition of *The Islamic Threat Myth or Reality* Esposito places the challenge of Islam in critical perspective Exploring the vitality of this religion as a global force and the history of its relations with the West Esposito demonstrates the diversity of the Islamic resurgence and the mistakes our analysts make in assuming a hostile monolithic Islam This third edition has been expanded to include new material on current affairs in Turkey Afghanistan Palestine and Southeast Asia as well as a discussion of international terrorism

Hamas and Palestine Martin Kear, 2018-10-25 Hamas and Palestine The Contested Road to Statehood analyses the Palestinian Islamist movement Hamas between 2005 and 2017 The book expounds how Hamas has employed a dual resistance strategy consisting of political and armed resistance as a mechanism to achieve maintain and defend its continued political viability Hamas entered politics to transform the role of the Palestinian Authority from an administrative institution into one driving the Palestinian quest for independence To achieve this the analysis explains how Hamas implemented a process of soft Islamisation in Gaza This was intended to build the institutional capacity of the Authority based on the bureaucratisation and professionalisation of key institutions while selectively increasing the role of Islam in society The book provides a detailed explanation of key shifts in Hamas s political behaviour as it adapts to the vagaries and vicissitudes of governing Gaza despite the imposition of Israel s political and economic siege Employing the Inclusion Moderation theoretical framework the book traces Hamas s transformation from a non state armed group into a legitimate actor in Palestinian politics The book s analysis also highlights the key role that Hamas s national liberation agenda has on shifting its behaviour towards adopting more moderate and inclusive policy stances Specifically the analysis demonstrates how Hamas has made measurable shifts in its political behaviour towards accepting the primacy of the two state solution and its dealings with Israel and the Peace Process The book provides a comprehensive assessment of Hamas s time in government and its capacity to deal with the vicissitudes of governing It is a valuable resource for students and researchers interested in the Israeli Palestinian conflict and Middle East Politics

The Islamic Resistance Movement (Hamas): Studies of Thoughts & Experience Dr. Mohsen M. Saleh,Dr. 'Adnan Abu 'Amer,Prof. Ahmad Sa'id Nofal,Dr. Hafez al-Karmi,Mr. Belal M. Shobaki,Prof. Dr. Ishtiaq Hossain,Mr. Isma'il Haniyyah,Mr. Khalid Mish'al,Dr. Musa Abu Marzuq,Prof. Mustafa Abu Sway,Dr. Raid M. H. Nairat,Mr. Sameeh Hammoudeh,Mr. Sami N. Khater,Prof. Dr. Talal 'Atrissi,Mr. Usamah Hamdan,Mr. Yousef Abu Alswood,Prof. Yusuf Rizqa,2017-08-15 Al Zaytouna Centre for Studies and Consultations in Beirut has launched the English version of the book The Islamic Resistance Movement Hamas Studies of Thought and Experience which was co written by a group of professors specializing in the Palestinian issue and five senior Hamas leaders The 704 page book is edited by Dr Mohsen Saleh The book examines Hamas s vision and experience in all its aspects The work sticks to two main commitments First adherence to academic research methods and the accuracy objectivity and extensive documentation necessary to them The second is the attempt to present Hamas as it really is whether by the contributions of specialized researches who are well informed of

Hamas and its experience or by the contributions of Hamas leaders who have addressed a number of issues and presented a more comprehensive picture of the Movement Particularly so when the available literature is insufficient to clarify all the issues being researched especially for Western audiences interested in understanding the Palestinian issue of which Hamas has become a key component in the past decade The book falls in two parts The first is a collection of eleven studies on Hamas and its experience in which chapter one presents an overview of the movement experience and history It discusses the background and inception and considers Hamas a continuation of the work of the Muslim Brothers MB movement that began in the form of popular advocacy through a network of branches and offices beginning in 1945 Interestingly this chapter examines events that reflect the extent of the MB movement s participation in armed resistance as well as preaching activities in addition to their links to the establishment of the Fatah movement which was co founded by MB figures This chapter digs deeper in to the stages that Hamas underwent especially between 1987 and 2005 The second chapter gives the reader the chance to examine Hamas s political vision addressing the wellsprings of Hamas s political ideology its approach to religion and state law and constitution and its views on nationalism secularism and democracy Finally it addresses the rights of minorities in Hamas s political thought The chapter contains a plethora of answers to questions usually raised by those interested to learn about Hamas s ideas bearing in mind that it is difficult to find material that expresses Hamas s intellectual frameworks in such a comprehensive manner except through some of the interviews which still are no match for the topics covered by the book In the third chapter we delve into Hamas conceptualization of the other meaning Hamas s view of Israel Judaism Jews Zionism and Zionists which is the basis for understanding the background and future of the conflict The book in the fourth and fifth chapters continues to analyze the relationship between Hamas and the Palestine Liberation Organization PLO and its factions and Hamas s position on Islamic Palestinian movements including the Sufis and Salafis Hizb ut Tahrir and the Islamic Jihad Movement in Palestine PIJ explaining the convergences and divergences with these factions This is based on analyzing both Hamas s theoretical framework and policies drawing from primary sources The sixth chapter highlights an important issue namely the peace process Naturally readers will wonder how Hamas s actions and visions approach the peace process In this chapter the author examines the stages of evolution of Hamas s political position on the peace process whether through the movement s theoretical and intellectual frameworks or its practices on the ground The seventh chapter tackles in detail Hamas s vision for political and social reform in Palestine based on the set of principles the group has committed itself to including its insistence on political freedom for all and the rights of the Palestinian people Hamas s political reform project is not confined to internal Palestinian matters but also cover foreign relations especially with Arab and Muslim countries In addition Hamas s social reform platform focuses on combatting poverty as the entry point for comprehensive development and reform The eighth and ninth chapters overview at length Hamas s Arab and Islamic relations by analyzing the determinants objectives and dimensions of Hamas s relations an

explaining its position towards the Arab Spring They also examine Hamas's relations with Turkey and Iran and their evolution The tenth chapter deals with Hamas's experience in government following the 2006 legislative elections This chapter explores the defects within the Palestinian political system in order to determine the environment and challenges that Hamas faced Finally it assesses Hamas performance in governance in the period 2006-2012 The eleventh chapter concludes the first part of the book by reviewing Western academic literature on Hamas with a view to answer the following fundamental question To what extent have these studies succeeded in understanding the true nature of Hamas The second part of the book includes contributions by five senior Hamas leaders attempting to answer a miscellany of questions regarding different issues appertaining to the Movement These include a study by Khalid Mish'al head of Hamas Political Bureau which is entitled Hamas Milestones in Thought and Experience A second study entitled Hamas A Reading in the Vision and Governance Experience is contributed by Isma'il Haniyyah the new Hamas politburo chief and prime minister of Hamas's caretaker government It also includes a contribution by Musa Abu Marzuq senior Hamas leader and former politburo chief titled Hamas Assessment of the Experience and a contribution by Usamah Hamdan on Hamas International Relations The section also includes a paper prepared by Sami Khater Hamas politburo member regarding Hamas's Vision for Managing the Conflict with the Zionist Enemy The book includes an appendix of major documents related to Hamas and its experience since the issuance of its charter in 1987 until the memorandum of enforcement of the Palestinian reconciliation agreement between Fatah and Hamas Al Shati Agreement in 2014 besides key political documents issued in the intervening period
