fascinating What a Life! a Different Kind of Biography Nelson Herbert LaFountain,2020-11-15 Herein are printed stories and poems I have written over the years in my own way of telling my story Rather than an autobiography I thought this may be a better way of presenting one s life rather than in one mundane book I began with a book and then I found I like to present my life this way These are truthful works and not fiction Some had memory holes that needed filling who said what or who I gave credit to but nothing that would take away from the story It s just the way I tell my life After all my life has been a series of short stories and poems not one continuous biography or even one long story I tried to keep them truthful at all times My poetry is not the deep thinking style but happenings in poetry form I hope you enjoy it The Chapter numbers are assigned to the places I lived when the stories happened not necessarily in the order that they happened You will find the stories and poems are not numbered I began writing short stories and poems before I started my book Then after a few stories I figured it would be a good way to write a book So this is it for good or ill and I am not an author with an extensive vocabulary by any stretch of the imagination I hope you ll forgive that They so I m told are quite interesting and easy reading Take them like vitamins one or two a day I hope you will laugh and cry and enjoy The stories poems musings and thoughts in this book are the product of but not limited to a lifetime of memories love life pain and laughter It is a labor of love in an effort to sing the praises of those that deserve it the most and not for the writer For it was the people that this work was dedicated to that I have to thank for almost all the memories If it weren t for the people there would be absolutely no need for writing this book **Official Gazette of the United States Patent and Trademark Office ,1995**
