## **Hedge Funds And Prime Brokers:**

**Hedge Funds and Prime Brokers** Mark Berman, 2007 Hedge Funds and Prime Brokers explores the ever changing and dynamic hedge fund prime broker relationship through the use of a panel comprising of some of the world's experts in investment law and regulation

**When Prime Brokers Fail** J. S. Aikman, 2010-07-13 An informative primer on the new landscape of leading prime brokers Before the recent financial crisis both regulators and market participants disregarded the complex and dangerous nature of the relationship between prime brokers the banks and their clients the funds In When Prime Brokers Fail J S Aikman examines the convoluted structure of this relationship the main participants and the impact of the near collapse of prime brokerages on the financial world Filled with in depth insights and expert advice When Prime Brokers Fail takes a close look at the unheeded risks of prime finance and lays out the steps required for managers to protect their funds and bankers to protect their brokerages Examines the challenges trends and risks within the prime brokerage space Discusses the structural adjustments firms will need to make to avoid similar disasters Analyzes the complex relationship between hedge funds and their brokerages and the risks that multiply in extraordinary markets Covers new ways to manage an inherently risky business and the regulations that may soon be introduced into this arena Engaging and informative this timely book details the intricacies and interdependencies of prime brokerages and the role that these operations play in our increasingly dynamic financial system

**Do Prime Brokers Induce Similarities in Hedge Funds Performance?** Nataliya Gerasimova, 2018 Early studies show that hedge fund performance is correlated across funds I empirically document that similarities in hedge fund returns are associated with the presence of the same prime broker Using data on prime brokerage relationships from 2000 to 2012 I estimate that dealing with the same broker increases performance correlation across funds of around 53% My results are robust to controlling for the standard systematic risk factors to different performance similarity proxies to different subsamples and to other possible determinants of performance similarity as the hedge funds domicile and investment style

**Business Knowledge for IT in Prime Brokerage** Essvale Corporation Limited, 2008 Business Knowledge for IT in Prime Brokerage will contain topics such as the description of the prime brokerage function in investment banks business processes in prime brokerage such as intermediation the major players in the prime brokerage business trends in prime brokerage such as territorial trends and the market dynamics common IT systems used in prime brokerage and future of the prime brokerage industry

**Matching Prime Brokers and Hedge Funds** Egemen Eren, 2015 Prime brokers and hedge funds form relationships in a matching market What are the determinants of these matches How did they change after the financial crisis I estimate a matching model in which part of the profits of prime brokers and hedge funds depends on variables that are defined at the level of the entire portfolio of clients that a prime broker serves I show that prime brokers and their client hedge funds choose to have trading relationships with each other in a manner that reflects the benefits of specialization Moreover prime brokers preferred risky

clients before the crisis while they were averse to risky clients after the crisis Identification follows from pairwise matching stability I analyze the potential underlying economic mechanisms mainly the cost advantages to a prime broker of collateral re use between hedge fund clients This is known as internalization I estimate that the value of internalization for major prime brokers such as Goldman Sachs is around 100 200 million annually

**Hedge Funds and Their Prime Brokers** Frank Kenny, 2018 Hedge funds are of interest to the Bank because of their importance for secondary market liquidity and price discovery the significant use of leverage by some types of hedge funds and their interconnections with a range of counterparties Risks from and to hedge funds are therefore relevant to the Bank's Financial Policy Committee whose primary objective is to identify assess monitor and take action in relation to financial stability risks across the UK financial system The global hedge fund industry has experienced dramatic growth since 2000 with assets under management increasing from US 250 billion to over US 3.5 trillion in 2017 Hedge funds operate a number of different strategies which dictate the markets they invest in and the leverage that they take Hedge funds are exposed to a number of risks including risks from using leverage and liquidity risks from investor redemptions Hedge funds can also transmit risk to the financial system Since the financial crisis there have been changes which may serve to mitigate some of the risks Hedge funds themselves have adjusted their business models and international regulations such as the Financial Stability Board's derivative reforms have limited the risks that hedge funds pose to the financial system Hedge funds main source of financing is via banks prime brokerage services In the wake of the financial crisis prime brokers have adjusted their business models for example there has been growth in the use of synthetic prime brokerage in place of traditional cash prime brokerage
