## **Hedgehog And The Fox:**

The Hedgehog and the Fox Isaiah Berlin, 2013-06-02 The fox knows many things but the hedgehog knows one big thing This ancient Greek aphorism preserved in a fragment from the poet Archilochus describes the central thesis of Isaiah Berlin's masterly essay on Leo Tolstoy and the philosophy of history the subject of the epilogue to War and Peace Although there have been many interpretations of the adage Berlin uses it to mark a fundamental distinction between human beings who are fascinated by the infinite variety of things and those who relate everything to a central all embracing system Applied to Tolstoy the saying illuminates a paradox that helps explain his philosophy of history Tolstoy was a fox but believed in being a hedgehog One of Berlin's most celebrated works this extraordinary essay offers profound insights about Tolstoy historical understanding and human psychology This new edition features a revised text that supplants all previous versions English translations of the many passages in foreign languages a new foreword in which Berlin biographer Michael Ignatieff explains the enduring appeal of Berlin's essay and a new appendix that provides rich context including excerpts from reviews and Berlin's letters as well as a startling new interpretation of Archilochus's epigram
