*Gaining By Losing* J.D. Greear,2015-07-28 People are leaving the church J D Greear pastors Big givers Key volunteers Some of his best leaders and friends And that s exactly how he wants it to be When Jesus gave his disciples the Great Commission he revealed that the key for reaching the world with the gospel is found in

sending not gathering Though many churches focus time and energy on attracting people and counting numbers the real mission of the church isn't how many people you can gather It's about training up disciples and then sending them out The true measure of success for a church should be its sending capacity not its seating capacity But there is a cost to this To see ministry multiply we must release the seeds God has placed in our hands And to do that we must ask ourselves whether we are concerned more with building our kingdom or God's In *Gaining By Losing* J D Greear unpacks ten plumb lines that you can use to reorient your church's priorities around God's mission to reach a lost world The good news is that you don't need to choose between gathering or sending Effective churches can and must do both      Short-Term Missions Workbook Tim Dearborn, 2018-10-16 Going on a short term missions trip can be a life transforming experience but it can also involve weeks of physical and spiritual challenges In this revised and expanded ten week course you will find a concise summary of crosscultural principles help in facing spiritual warfare tips on avoiding a tourist mentality spiritual preparation through individual or group Bible study and discussion and reflection questions      **Journey to a Better Way** John Bailey, 2015-03-12 Every day we witness the impact of poverty injustice disaster and disease Our desire as followers of Christ is to respond with compassion love and grace In recent years the church has responded in an unprecedented way to the needs in the world Still we see little in the way of true progress and transformation In addition despite our good intentions we may be doing more harm than good Speaking from his experience as a mission mobilizer John Bailey shares real life stories from the journey Stories of success and failure reveal that a better way is not only possible but it is within reach Journey to a Better Way seeks to investigate some of the core reasons why we do not have the impact we hope to have when we face these social physical and spiritual ills Looking through the lens of the Wesleyan mission heritage Journey to a Better Way explores correct motives healthy mission models and unity in the body of Christ as critical areas to consider if we hope to perform better missions

Handbook for the Christian Faith James M. Dawsey, 2023-08-15 Is religion disappearing from American life Less than 50 percent of Americans now hold membership in any religious institution and even fewer attend worship services The decline in Christian churches is especially pronounced among the young and cuts across all denominations But for Methodists and like minded Protestants concerns are deeper than shrinking denominational membership Polls show disconcerting ignorance about religious and spiritual matters even among churchgoers Our values as a society are in large measure molded by religion What shape will Protestant Christianity take in the twenty first century And of Methodism And beyond that what kind of community will we be Dawsey proposes returning to the roots of Christianity And with anecdotes and stories and a sweeping grasp of church history he examines those essential practices and beliefs necessary to revitalize American churches Key he argues is rediscovering Christianity as a philosophy of living John Wesley characterized the practice of religion as first doing no harm second doing good and third keeping the ordinances of faith Loving God and God's creation the doing of Christianity marks the path for becoming the churches and individuals Christians were called to be

**Leadership in Small Churches** Ben D. Craver, Kelly Malone, 2021-03-01 Leadership in Small Churches inspires and equips men and women who are called to serve in churches of less than 100 people which are the majority of churches in the United States. Small churches in the United States suffer from a lack of leadership. On the one hand, there is a shortage of leaders. On the other hand, leaders who serve faithfully sometimes feel ill equipped to carry out their calling due to inadequate training, especially a lack of training specific to small churches. This volume provides guidance from scholars and practitioners with experience in small churches. Because of their experience in and commitment to ministry in small churches, these writers are well qualified to discuss the breadth of topics in this book. These topics include developing vision, handling conflict, pastoral care, preaching, discipleship, ministry to youth and children, missions, and identifying and training leaders.

Missional Life in Practice and Theory Christopher L. Flanders, Greg McKinzie, 2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr. Gailyn Van Rhee. His global missiological influence has extended far beyond the boundaries of his denominational heritage. This Festschrift in honor of Gailyn Van Rhee contains original missiological contributions from colleagues and former students. Most chapters were presentations at the inaugural Gailyn Van Rhee Sessions in Mission and World Christianity at the 2021 Christian Scholars Conference in Nashville, Tennessee. The volume is organized to parallel the phases of Van Rhee's career: Africa, academic missiology, and Mission Alive, a North American church planting organization. His legacy is one that wonderfully embodies critical theory and robust practice.

Serving with Eyes Wide Open David A. Livermore, 2012-12-01 Short-term mission trips are great ways to impact the kingdom. Yet they can lack effectiveness because of mistakes or naivety on the part of participants. In this insightful and timely book, David A. Livermore calls us to serve with our eyes open to global and cultural realities so we can become more effective cross-cultural ministers. *Serving with Eyes Wide Open* is a must-have book for anyone doing a short-term mission or service project, whether domestic or overseas. Foreword by Paul Borthwick.

**World Christianity and the Unfinished Task** F. Lionel Young, III, 2021-03-15 This book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about. In 1900, more than 80 percent of the world's Christians lived in Europe and North America, and nearly all of the world's missionaries were sent out from the West to the rest. In a dramatic turn of events, Christianity experienced a decidedly Southern shift during the twentieth century. Today, nearly 70 percent of the world's 2.5 billion Christians live in Africa, Asia, and Latin America, while nearly half of all missionaries are being sent out into all the world from places like Brazil, Ethiopia, and South Korea. This book is intended to change the way readers think about the church and challenge the way Western Christians engage in contemporary missions.

**From Dependence to Dignity** Brian Fikkert, Russell Mask, 2015-05-12 The church of Jesus Christ finds itself at a very unique moment in history. The average Christian living in the economically advanced countries enjoys a level of prosperity that has been unimaginable for most of human history. At the same time, over 2.5 billion people in the Majority World, Africa,

Asia and Latin America live on less than 2 per day with many of these people being Christians Ironically it is amongst the least of these in the Global South that the global church is experiencing the most rapid growth All of this raises profound challenges to the global church How can churches and missionaries in the Majority World effectively address the devastating poverty both inside their congregations and just outside their doors How can churches in the economically advanced countries effectively partner with Global South churches in this process The very integrity of the global church s testimony is at stake for where God s people reside there should be no poverty Deuteronomy 15 4 Acts 4 34 For the past several decades microfinance MF and microenterprise development MED have been the leading approaches to poverty alleviation MF MED is a set of interventions that allow households to better manage their finances and start small businesses From remote churches in rural Africa to the short term missions programs of mega churches in the United States churches and missionaries have taken the plunge into MF MED trying to emulate the apparent success of large scale relief and development organizations Unfortunately most churches and missionaries find this to be far more difficult than they had imagined Repayment rates on loans are low and churches typically end up with struggling programs that require ongoing financial subsidies Everybody gets hurt in the process donors relief and development agencies churches and missionaries and most importantly the poor people themselves This book explains the basic principles for successfully utilizing microfinance in ministry Drawing on best practice research and their own pioneering work with the Chalmers Center Brian Fikkert and Russell Mask chart a path for churches and missionaries to pursue a path that minimizes the risks of harm relies on local resources and enables missionaries and churches to minister in powerful ways to the spiritual and economic needs of some of the poorest people on the planet The insights of microfinance can play a tremendous role in helping to stabilize poor households removing them from the brink of disaster and enabling them to make the changes that are conducive to long term progress Moreover when combined with evangelism and discipleship a church centered microfinance program can be a powerful tool for holistic ministry one that is empowering for the poor and devoid of the dependencies plaguing most relationships between churches in economically advanced countries and churches in poor nations

Re-Imagining Short-Term Missions Forrest Inslee, Angel Burns, 2022-03-10 This book is for those who suspect that current practices of short term missions are in need of serious reform It is a book for those who recognize that in this decade of global upheaval and in light of the cultural political and demographic shifts affecting churches everywhere now is the time for change The essays here are intended to equip and inspire any who want to advocate for change but may not yet know what change looks like This book offers honest perspectives from people who care about the purposes of short term missions STM yet know that we must figure out better ways of achieving them Nearly all contributors are actively engaged in STM and many write from the perspective of those who host STM teams in places all over the world This book is a platform for visionaries who are calling for better ways for the church to engage the needs of the world In sharing their experiences they hope to promote

critical rethinking and creative reimagination about the ways that the global church might learn to collaborate on a new basis of coequality and mutual respect for the good of the world and the glory of God      **Quicklet on Brian Fikkert, Steve Corbett and John Perkins's When Helping Hurts: Alleviating Poverty Without Hurting the Poor...and Yourself** Anne Lund, 2012-07-30 ABOUT THE BOOK As we root around in our pockets or purses for change and crumpled dollars to buy a pack of gum a paper or cup of coffee it is hard to fathom that 3 billion of the world's population lives on less than 2 per day In the US poverty has also increased dramatically with the economic downturn with 1 in 7 Americans now on food stamps and nearly half live from paycheck to paycheck one financial disaster away from insolvency There is a growing rift between the comfortable and the struggling and extreme poverty in the US is increasing And there is no question that many are trying to address this issue Cornel West and Tavis Smiley have recently finished a national poverty tour the Occupy Wall Street movement has called attention to income disparity and the struggling the UN is working on it's End Poverty 2015 initiative and countless think tanks and organizations are concentrating on the issue with varying degrees of success EXCERPT FROM THE BOOK Soon however he heard the sound of voices raised in a familiar hymn and he was drawn into a humble open air church While there he listened to the parishioners pray directly to God for immediate needs cures for ailments help with hunger and shelter He realized that these people in their prayers had a deeper relationship with God than he did with all of his advantages The poor are also often caught in situations beyond their control War famine hopeless economic conditions and political oppression can trap them in situations The authors believe these feelings of hopelessness cannot be overcome without a strong spiritual base Chapter 3 Are We There Yet The chapter begins with the case of Alisa Collins a single mother with 5 children living in a Chicago housing project Alis felt trapped she wanted a job but she was a high school drop out When she did find a job her benefits were cut and she had to worry about the expenses of childcare She felt trapped and hopeless How can a Church help someone like Alisa Fikkert and Cobertt write that in order help a person like Alisa first fix relationships with God Poverty is rooted in broken relationships so the solution to poverty is rooted in the power of Jesus death and resurrection to put all things into right relationship again Buy the book to continue reading Follow hyperink on Twitter Visit us at [www.facebook.com/hyperink](http://www.facebook.com/hyperink) Go to [www.hyperink.com](http://www.hyperink.com) to join our newsletter and get awesome freebies CHAPTER OUTLINE Brian Fikkert Steve Corbett and John Perkins's When Helping Hurts Alleviating Poverty Without Hurting the Poor and Yourself About the Book About the Authors Overview Appendix and much more      **Freeing Congregational Mission** B. Hunter Farrell, 2022-01-25 North American congregations face a deepening crisis of consumer oriented selfie missions and practices based on colonial era assumptions Seeking to free congregational mission from harmful cultural forces this book helps churches better partner with God's work in the world offering the latest research and practical step by step tools for churches      *After the Trip* Cory Trenda, 2018-07-03 Can a one time crosscultural experience truly be life changing Veteran trip leader and intercultural guide Cory Trenda provides a unique guide for individuals and

teams to make the most of a crosscultural trip after returning home Combining practical tips reflections and stories from decades of experience this is an essential resource for those who want crosscultural trips to be a catalyst for lasting good

Missions Gailyn Van Rheenen, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of Missions long time missionary Gailyn Van Rheenen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheenen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God's mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But Missions is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike Missions provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions
