The Greatest Romance Classics of World s Literature is an unparalleled anthology that showcases the evolution and diversity of romantic literature through the ages This collection brings together an extraordinary range of literary styles from the classic English romance of Jane Austen and the Brontë sisters to the enthralling Russian epics of Leo Tolstoy and from the psychological intricacies of Henry James to the avant garde narratives of Virginia Woolf With standout pieces that have each in their own way redefined the genre this anthology highlights the universal theme of love while showcasing the cultural and stylistic differences that enrich the concept of romance The variety within these pages offers

readers a comprehensive insight into the genre's development setting a precedent for literary excellence. The authors represented in this anthology are not just luminaries in their own right but collectively serve as the architects of the romantic and literary sensibilities that have shaped modern storytelling. From the engrossing societal critiques of Charles Dickens and George Eliot to the pioneering narrative techniques of E. M. Forster and F. Scott Fitzgerald, these authors have profoundly contributed to their respective eras' movements and genres. The anthology's diversity reflects significant historical and cultural movements, blending the Gothic romance of the Brontës, the Victorian realism of Thomas Hardy, and the existential musings of modernists like Woolf and Forster, thereby providing an intricate tapestry of human emotion and interaction through the ages. For readers eager to embark on a journey through the history of romance in literature, *The Greatest Romance Classics of World's Literature* offers an unrivaled opportunity. It presents a unique chance to delve into the myriad forms of romantic expression, exploring its evolution from the passionate, often tumultuous relationships of early literature to the nuanced, introspective portrayals of the contemporary period. This anthology not only educates but also entertains, inviting readers to engage with the dialogues and debates that have animated the genre for centuries. It is an essential collection for anyone looking to understand the depth and breadth of romantic literature and its continuous influence on world literature.

alluring magic of stars while also bringing to the fore the changing ways in which viewers engaged with them during the last decade. A salient idea that guides much of the collection is the one of transformation expressed in these pages as the way in which post-millennial movie stars are in one way or another reshaping ideas of performance and star presence either through the self-conscious revision of aspects of their own personas or in redirecting or progressing some earlier aspect of the culture. Including a diverse lineup of stars such as Oscar Isaac, Kristen Stewart, Tilda Swinton, and Tyler Perry, the chapters in *Stellar Transformations* paint the portrait of the meaning of star images during the complex decade of the 2010s and in doing so will offer useful case studies for scholars and students engaged in the study of stardom, celebrity, and performance in cinema.
