Here Elsewhere The Collected Fiction Of Kenneth Burke:

Here & Elsewhere Kenneth Burke, 2005 The rhetorically gorgeous essay stories of Kenneth Burke were unlike any other fiction of the 1920s Here Elsewhere gathers for the first time all of Burke's fiction 23 short stories and Towards a Better Life which Denis Donoghue calls one of my favorite novels full of sentences so luminous that I could be easily persuaded that style is everything *The Cambridge History of the American Novel* Leonard Cassuto, Clare Virginia Eby, Benjamin Reiss, 2011-03-24 This ambitious literary history traces the American novel from its emergence in the late eighteenth century to its diverse incarnations in the multi ethnic multi media culture of the present day In a set of original essays by renowned scholars from all over the world the volume extends important critical debates and frames new ones Offering new views of American classics it also breaks new ground to show the role of popular genres such as science fiction and mystery novels in the creation of the literary tradition One of the original features of this book is the dialogue between the essays highlighting cross currents between authors and their works as well as across historical periods While offering a narrative of the development of the genre the History reflects the multiple methodologies that have informed readings of the American novel and will change the way scholars and readers think about American literary history [US Public Memory, Rhetoric, and the National Mall](#) Roger C. Aden, 2018-04-26 US Public Memory Rhetoric and the National Mall examines the nation's front yard understanding it as both a public face the United States presents to the world and a site where its less apparent moral story is told This book provides a uniquely thorough interdisciplinary and integrated examination of how the National Mall shares a moral story of the United States and in so doing reveals the soul of the nation The contributors explore 11 different memorials monuments and museums found across the Mall considering how each rhetorically remembers a key element of the nation's past what the rhetorical memory tells us about the nation's soul and how each site must thus be understood in relation to the commemorative landscape of the Mall *New Directions in Rhetoric and Religion* James W. Vining, 2021-08-10 New Directions in Rhetoric and Religion reflects the complex and fluid natures of religion rhetoric and public life in our globalized digital and politically polarized world by bringing together a diverse group of rhetorical scholars to provide a comprehensive and forward looking collection on rhetoric and religion This volume addresses these topics in three separate sections 1 Rhetorics of religion at work in public activism 2 Rhetorics of religion in contemporary public discourse and 3 Ways that rhetoric scholars study religion Scholars of rhetoric religion and social sciences will find this book particularly interesting **The Believer**, 2006 *Contemporary Authors New Revision Series* Tracey Watson, 2005-04 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers *Harvard Review*, 2003 **Book Review Index**, 2006 Every 3rd issue is a quarterly cumulation **Choice**, 2006 **The Publishers Weekly**, 2005 *Jamie is My Heart's*

Desire Alfred Chester, 2007 Alfred Chester's masterpiece *The Exquisite Corpse* was one of the literary sensations of the 1960s a surreal homoerotic phantasmagoria that became a cult classic It was preceded by this his only other novel a work more straitlaced in literary form but just as shockingly original in content It tells the story of a cynical Brooklyn undertaker Harry and the object of his affection a beautiful and deceased young man named Jamie But does Jamie really exist or is he merely Harry's fantasy the illusion that makes his life endurable Harry's friends are divided on this matter and Chester leaves it to his readers to decide We are proud to republish this upside down take on the transforming powers of love out of print since the late 1950s **"The" Review of Contemporary Fiction** John O'Brien, 2005 **The Selected**

Correspondence of Kenneth Burke and Malcolm Cowley, 1915-1981 Kenneth Burke, Malcolm Cowley, 1990-01-01 This portrays an extraordinary literary friendship unique in American letters for its longevity and it chronicles the lives and events that helped shape modern literature and criticism *A Poetry of Presence* Bernard I. Duffey, 1986 William Carlos Williams was an inventive writer never confined by any static genre or aesthetic postulate In this authoritative study Bernard Duffey recognizes that literary dynamism as he approaches the full breadth of Williams's work including his poetry prose fiction and drama as an interrelated and interdependent web of writing The result the first truly comprehensive examination of a major American author and his kinetic art will interest students and scholars of Williams American literature and modern poetry and criticism Central to Duffey's study is a critical framework based on Kenneth Burke's *A Grammar of Motives* and the perception of the poet as an agent working in relation to a scene and its content in this case the geographical and cultural locale that Williams clung to Williams's work Duffey argues was informed by the dramatic sense of himself as a literary actor seeking embodiment of a dynamic altering whole and his present condition of being Ultimately he stresses the writer was more engaged in expressing literary action than in forging literary objects Duffey amplifies this critical view through a close reading of specific works Examining Williams's principal writings in the lights that seem most immediate to them he tackles a variety of themes the pervasiveness of scene in *In the American Grain* and the fiction the role of agent or poetic person in *Kora in Hell* *A Voyage to Pagan* Paterson and *Pictures from Brueghel* the function of poetic agency in the short poems and of poetic action in Williams's drama **The Journal of Narrative Technique**, 1988 **World Authors, 1900-1950**, 1996

Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation **The Twentieth Century**, 1966 *Literary Influence and African-American Writers* Tracy Mishkin, 2015-12-22 First published in 1996 This volume includes a collection of essays that were collected after the inspiration of finding positive interactions between African American and Irish Writers during the Harlem Renaissance a time when these two groups were hardly on good terms The essays look at theories and realities of literary influence that especially affect African American writers **The Oxford Companion to Twentieth-century Literature in English** Jenny Stringer, 1996 Survey of twentieth century English language writers and writing from around the world celebrating all major
