Here is New York, a democracy of photographs Gilles Peress,Collectif,2007-07-01 **Here is New York. A democracy of photographs** ,2003 *Touching Photographs* Margaret Olin,2012-05-21 Photography does more than simply represent the world It acts in the world connecting people to form relationships and shaping relationships to create communities In this beautiful book Margaret Olin explores photography s ability to touch us through a series of essays that shed new light on photography s role in the world Olin investigates the publication of photographs in mass media and literature the hanging of exhibitions the posting of photocopied photographs of lost loved ones in public spaces and the intense photographic activity of tourists at their destinations She moves from intimate relationships between viewers and photographs to interactions around larger communities analyzing how photography affects the way people handle cataclysmic events like 9 11 Along the way she shows us James VanDerZee s Harlem funeral portraits dusts off Roland Barthes s family album takes us into Walker Evans and James Agee s photo text *Let Us Now Praise Famous Men* and logs onto online photo albums With over one hundred illustrations *Touching Photographs* is an insightful contribution to the theory of photography visual studies and art history [Visual Politics of Psychoanalysis](#) Griselda Pollock,2013-10-08 In this innovative collection a distinguished group of international authors dare to think psychoanalytically about the legacies of political violence and suffering in relation to post traumatic cultures worldwide They build on maverick art historian Aby Warburg s project of combining social cultural anthropological and psychological analyses of the image in order to track the undercurrents of cultural violence in the representational repertoire of Western modernity Drawing on post colonial and feminist theory they analyze the image and the aesthetic in conditions of historical trauma from enslavement and colonization to the Irish Famine from Denmark s national trauma about migrants and cartoons to collective shock after 9 11 from individual traumas of loss registered in allegory to newsreels and documentaries on suicide bombing in Israel Palestine and from Kristeva s novels to Kathryn Bigelow s cinema **Balcony View - a 9/11 Diary** Julia Frey,2011-12-02 What if you had a dying child spouse lover parent and the world caved in It could happen What was it like after the Towers fell to live in a war zone with a gravely ill husband Julia Frey s *BALCONY VIEW* is far more than a 9 11 story In this unique historic diary the handwritten original is in the 9 11 Museum in New York Frey a distinguished biographer found herself in the unenviable position of writing about a life as it was falling apart her own Her vivid wry tender book describes living for six months at Ground Zero with writer Ron Sukenick during his terminal illness It s a beautifully written clear eyed portrait of simple courage remarkable humor generosity and decency Douglas Penick writer literary critic The view from this balcony is compelling and utterly unique Julia Frey has a first row seat for the two tragedies which mark her existence the terrorist attacks on the World Trade Center and her husband s progressively disabling malady She peers down at the excavation of Ground Zero and brings us an account both riveting and thoughtful despairing and buoyant graceful and frank As she

navigates post 9 11 Manhattan and a marriage that has been dealt the blow of untimely illness we get to see up close how ordinary people get through extraordinary times With her deft touch and her sharp warm humor Frey is the perfect guide for such daunting territory Elizabeth Scarborough author Phoenix upside down Very quietly Ron said You know I think the Towers are going to go Maybe we d better get out of here If either of the Towers fell at a certain angle our building was directly in the line of fall Above the raging flames the steel I beams were beginning to bulge out softening in the heat Again his unnaturally quiet voice I can t stay here If the Towers start falling on us I ll die of fright BALCONY VIEW a 9 11 Diary Julia Frey s remarkable account begins on September 11 2001 as the couple decide that no matter how weak Ron is they must somehow flee They abandon his wheelchair He is too frail to climb on a boat Later that day covered with ashes they struggle home through a neighborhood pitched into destruction and chaos to look out his study window at their new view the stage set for Dante s Inferno The domino effect of one burning collapsing building setting fire to the next one makes it clear that their own building could still go The electricity was out Ron could never go down 26 flights on his rear end We were trapped in the sky That s when Julia decides to write it all down if only for the people who will find their bodies Describing the first night in the the ruins being evacuated then returning weeks later to live at Ground Zero she discovers that their world has totally changed yet finally not changed at all Our previous problems didn t magically disappear They were just waiting for us to come back in the door This hugely powerful narrative of double coping with Ron s progressive illness and with the after effects of 9 11 describes a situation the manuals don t cover caregiving in a disaster Her intense yet humorous you are there style moves the diary swiftly along catching us in a gripping touching brave and yes funny story of falling towers a failing husband and a floundering m nage trois Nothing happens in a vacuum she says weaving in the leitmotif of a love affair Unflinchingly she faces the ruins outside and her frightening inner ambivalence as she sacrifices creative and professional life to nurse her husband Ron is no angel either the self centered willful novelist insists she take a lover then wants her to give him up What makes him think he can turn us off and on like televisions she wonders In a poignant Coda she describes an almost supernatural series of events after Ron dies There is even a happy ending Photography and September 11th Jennifer Good, 2020-09-13 It is all but impossible to think of September 11th 2001 and not at the same time recall an image The overwhelmingly visual coverage in the world s media pictured a spectacle of terror from images of the collapsing towers to injured victims and fatigued firefighters In the days weeks and months that followed this vast collection of photographs continued to circulate relentlessly This book investigates the psychological impact of those photographs on a stunned American audience Drawing on trauma theory this book asks whether the prolonged exposure of audience to photographs was cathartic or damaging It explores how first the collective memory of the event was established in the American psyche and then argues that through repetitive use of the most powerful pictures the culture industry created a dangerously simple 9 11 metanarrative At the same time people began to reclaim and use photography to process their own feelings most

Trauma and the Memory of Politics Jenny Edkins, 2003-07-31 In this interesting study Jenny Edkins explores how we remember traumatic events such as wars famines genocides and terrorism and questions the assumed role of commemorations as simply reinforcing state and nationhood Taking examples from the World Wars Vietnam the Holocaust Kosovo and September 11th Edkins offers a thorough discussion of practices of memory such as memorials museums remembrance ceremonies the diagnosis of post traumatic stress and the act of bearing witness She examines the implications of these commemorations in terms of language political power sovereignty and nationalism She argues that some forms of remembering do not ignore the horror of what happened but rather use memory to promote change and to challenge the political systems that produced the violence of wars and genocides in the first place This wide ranging study embraces literature history politics and international relations and makes a significant contribution to the study of memory
