Light The World How Your Brilliance Can Shift The Planet:

Light the World: How Your Brilliance Can Shift the Planet Marnie L. Pehrson, 2012-06 Perhaps you've felt it that sense that something is coming. Times are changing. The forces of good and evil are becoming increasingly polarized. Yet there is a spirit of unity growing as well. As a planet, we stand at a crossroads. One path leads to darker days. The other leads to freedom and light. *Light the World: How Your Brilliance Can Shift the Planet* details how you can leverage your life experiences and insight to take your place as a Light Bearer in this new age. If you've felt the call to stand tall, torch in hand, ready to lead others out of darkness and into the light, get ready to discover how significant you are in God's grand design. Climb up to an aerial view where you understand your identity as a Light Bearer and how your past has shaped the greatest treasure you'll carry into the future. Clarify your message and highlight the transformative power of your story. Maintain a higher frequency regardless of circumstances or naysayers. Join hands with others who are ready to lead the world to a brighter future. *Light the World: How Your Brilliance Can Shift the Planet* will expand your view of what's possible as Light Bearers weave their messages together to herald Christ's Kingdom to Earth. We live in a time of growing spiritual darkness, but on the flipside, it is also a time of great enlightenment, progress, growth, and healing. As you conquer personal challenges, you may feel called to share your newfound light with others. But that task can feel overwhelming. The truth is, you may be the first to provide the needed illumination for others to experience a similar victory. You're a pioneer. So if you've ever wondered, "How can I possibly fulfill the role that seems to be uniquely mine to fill?" through this book, you will band together with other light-bearing pioneers and find the needed strength and understanding to get the job done. Leslie Householder, author of *The Jackrabbit Factor*, Portal to Genius. **The Great Shift** Michael Drake, 2018-11-08 The Great Shift is about the new era of humanity. We have entered the new epoch of humanity's spiritual evolutionary journey into higher consciousness. Our present world is one in which order is arising out of chaos. Everything is changing and seeking equilibrium. The conditions are nothing short of a rebirth. We are quite literally witnesses and participants in the shift from individual to planetary consciousness. We are part of the emerging consciousness, and the signs are everywhere. It is here now, and we all have a part to play in it. This book is a guide to navigating the shift from an old paradigm into a new one. It is deeply rooted in the shamanic and Taoist traditions, which are a fountain of wisdom and knowledge for restoring our relationship with the Earth. Shamanism and Taoism are a way of living in harmony with nature rather than an adherence to a religious doctrine. By practicing these ways of being, we awaken our soul, calling and our connection to nature. They provide a myriad of responses to the spiritual quest of self-discovery. They are ways that embed us in the living web of life, yielding greater awareness and perspective. These practices are easily integrated into contemporary life and provide a means of navigating the turbulent times in which we live. *Your Messy Brilliance* Kelly McNelis, 2017-10-15 There is no magic pill.
