There is a critical need to reform social media, especially for young users. Most people have little sense of InfoTech's dark side—they are at risk for privacy loss and tech addiction. *Lightweb Darkweb* argues that society can optimize the benefits of the Internet only by acting to reduce its shadow of social, ecological and health hazards. Raffi highlights children's developmental needs as a key consideration in the digital age.

Raffi brings to the debate on the benefits and dangers of the digital revolution his well-known sense of compassion, concern and hope. This is a book that every one of us needs to read.
