interrelated images and symbols and parallel and inverted events that reverberate within and among the plays employing language and structure in innovative ways In comparing the cycle with the works of William Faulkner and Eugene O'Neill Porter positions Foote at the intersection of southern literature and American drama Foote's emphasis Porter concludes is not so much on returning home as on leaving it and building a new family contending that for Foote home is not a place but a geography of the heart Her definitive *Orphans Home* shines much needed light on an understudied talent and proves Foote's to be a vital American voice
