*Linguistic Approaches to Emotions in Context* Fabienne Baider,Georgeta Cislaru,2014-03-15 This book presents new issues in the study of the interface of emotions and language and their use in social context Two fundamental questions are tackled the way different languages encode emotional information and the core role emotions play in languages structure use and learning Seldom treated means of expressing emotions such as interjections conditionals scalarity allocentric constructions the social and professional impact of emotions and the latest developments in the interface of speech recognition emotions are some of the key contributions to this volume The cross cultural perspective contrasts new couples of languages among which Australian aboriginal languages Cypriot Greek Italian Japanese Romanian Russian and addresses sociolinguistic pragmatic and discursive issues Most of the papers attempt interesting theoretical articulations that aim at a better understanding of the linguistic and sociolinguistic nature of emotions This book will be highly relevant for students and researchers interested in emotions semantics pragmatics discourse analysis as well as prosody and philosophy of language

**The Routledge Handbook of Semantics** Nick Riemer,2015-07-30 The Routledge Handbook of Semantics provides a broad and state of the art survey of this field covering semantic research at both word and sentence level It presents a synoptic view of the most important areas of semantic investigation including contemporary methodologies and debates and indicating possible future directions in the field Written by experts from around the world the 29 chapters cover key issues and approaches within the following areas meaning and conceptualisation meaning and context lexical semantics semantics of specific phenomena development change and variation The Routledge Handbook of Semantics is essential reading for researchers and postgraduate students working in this area

**Language, Expressivity and Cognition** Mikolaj Deckert,Piotr Pezik,Raffaele Zago,2023-01-26 Providing an up to date multi perspective and cross linguistic account of the centrality of the expressive function in communication this book explores the conceptualization of emotions in language and the high emotional temperature of a variety of contemporary discourses Adopting a number of methodological angles both qualitative and quantitative the chapters present insights from cognitive linguistics critical discourse analysis corpus linguistics and sociolinguistics as well as those resulting from the combination of these approaches Using a wide variety of data types from song lyrics and TV series to Twitter posts and political speeches and through the analysis of a range of languages including Arabic English Polish Italian Hungarian and Turkish the book offers a panoramic view of the multi faceted interaction between language expressivity and cognition

*The Pragmatics of Managing Negative Emotions in a Chinese Context* Rong Lei,2024-09-19 Drawing from rich naturally occurring language data and synthesizing insights from the fields of interpersonal pragmatics and Chinese interpersonal communication this book presents a compelling exploration of the management of negative emotions through an interpersonal pragmatics lens The volume seeks to answer a number of key questions at the intersection of these two fields including how do negative interpersonal emotions manifest in the context

of Chinese culture What connections exist between emotions and interpersonal dynamics In what ways are these emotions intertwined with the moral framework of Chinese society How are such negative emotions effectively navigated and regulated The analysis goes beyond mere examination of emotional expressions delving into the cultural nuances that shape the understanding and handling of emotions The book elucidates for instance how unmet ganqing expectations can trigger emotions like anger and sadness and in turn the employment of rapport management strategies in their mitigation The book provides profound insights into a previously overlooked and little understood area of study making it of interest to students and researchers in pragmatics discourse analysis communication studies and psychotherapy

Middle and Modern English Corpus Linguistics Manfred Markus,Yoko Iyeiri,Reinhard Heuberger,Emil Chamson,2012-04-11 This book brings together a variety of approaches to English corpus linguistics and shows how corpus methodologies can contribute to the linking of diachronic and synchronic studies The articles in this volume investigate historical changes in the English language as well as specific aspects of Middle and Modern English and moreover of English dialects The contributions also discuss the development of English corpus linguistics generally and its potential in the future Special focus is given to the continuity between Middle and Modern English much in line with the linking in previous studies of Middle English and Old English under the generic term medievalism This volume highlights the continual development of English from the medieval to modern period

Yearbook of Corpus Linguistics and Pragmatics 2014 Jesús Romero-Trillo,2014-06-02 The Yearbook of Corpus Linguistics and Pragmatics addresses the interface between the two disciplines and offers a platform to scholars who combine both methodologies to present rigorous and interdisciplinary findings about language in real use Corpus linguistics and Pragmatics have traditionally represented two paths of scientific thought parallel but often mutually exclusive and excluding Corpus Linguistics can offer a meticulous methodology based on mathematics and statistics while Pragmatics is characterized by its effort in the interpretation of intended meaning in real language This series will give readers insight into how pragmatics can be used to explain real corpus data and also how corpora can illustrate pragmatic intuitions The present volume Yearbook of Corpus Linguistics and Pragmatics 2014 New Empirical and Theoretical Paradigms in Corpus Pragmatics proposes innovative research models in the liaison between pragmatics and corpus linguistics to explain language in current cultural and social contexts
