Virtual Ascendance , Devin C. Griffiths,2013-09-19 From school lunchrooms to the White House press room video games are an integral part of our popular culture and the industry behind them touches all aspects

of our lives gamer and non gamer alike Business and entertainment health and medicine politics and war social interaction and education all fall under its influence Virtual Ascendance tells the story of a formerly fringe enterprise that when few were paying attention exploded into a multi billion dollar industry affecting the very way we live Griffiths paints a thorough and vivid picture of the video game industry illuminating the various and often bizarre ways it s changing how we work play and live He brings readers along on his own journey of discovery from the back room of a small Irish pub where members of the second largest industry enclave meet each month to a university clinic where the Wii is being used to treat Parkinson s sufferers and everywhere in between Virtual Ascendance is more than just a story about video games though It s the story of an awakening of a realization that a childhood pastime has exploded into a thriving enterprise one rooted in entertainment but whose tendrils reach into virtually all aspects of life and society *Half the Church* Carolyn Custis James,2011-04-19

Women comprise at least half the world and usually more than half the church but so often Christian teaching to women either fails to move beyond a discussion of roles or assumes a particular economic situation or stage of life This all but shuts women out from contributing to God s kingdom as they were designed to do Furthermore the plight of women in the Majority World demands a Christian response a holistic embrace of all that God calls women and men to be in his world The loudest voices speaking into women s lives in the twenty first century thus far come from either fundamentalist Islam or radical feminism And neither can be allowed to carry the day The Bible contains the highest possible view of women and invests women s lives with cosmic significance regardless of their age stage of life social status or culture Carolyn Custis James unpacks three transformative themes the Bible presents to women that raise the bar for women and calls them to join their brothers in advancing God s gracious kingdom on earth These new images of what can be in Christ free women to embrace the life God gives them no matter what happens Carolyn encourages readers with a positive kingdom approach to the changes challenges and opportunities facing women throughout the world today **Lioness Arising** Lisa

Bevere,2011-09-06 An irresistible call for Christian women to live boldly and fully into their God given wisdom power and capabilities The lioness rises from her slumber a magnificent image of strength passion and beauty Her mere presence commands the landscape protects her young and empowers the lion In groups lionesses become a creative and strategic force to be reckoned with acting as one to change the world around them You too are a lioness In *Lioness Arising* author and speaker Lisa Bevere offers the life and image of the lioness as a fierce and tender model for women Revealing the surprising characteristics of this amazing creature Lisa challenges women to discover fresh passion prowess and purpose Learn what it means to be a stunning representation of strength fiercely protect the young lend your voice to the silenced live in the light and hunt in the dark raise a collective roar that changes everything Packed with remarkable insights from nature and a rich depth of biblical references to lionesses *Lioness Arising* is a call for women to rise up in strength and numbers to change their world Jesus is after all the lion of the Tribe of Judah We are his lioness arising Women's Rights in the United States
