Flight of the Old Dog Dale Brown,2024-07-16 Flight of the Old Dog is one of the original and classic military techno thrillers in the entire world It is the basis of the PC flight simulator Megafortress published by Three Sixty Pacific It has been translated into twelve languages and sales have exceeded a million copies The United States and the Soviet Union are on the brink of nuclear war At a top secret research facility at Kavaznya Sibera the Soviets have developed a ground based laser weapon capable of shooting down American satellites and they are betting that the American president doesn t have the guts to risk starting a nuclear exchange But at a top secret flight test site in the Nevada desert called Dreamland a team of test pilots and engineers have created the Megafortress a venerable B 52 Stratofortress strategic bombers modified with stealth technology computers digital avionics state of the art weaponry and performance enhancing features that makes it unlike any B 52 bomber or any other warplane ever flown Now it s time to flight test the Megafortress and the Air Force assembles the best pilots bombardiers and navigators to see what this creation can do One of them is Captain Patrick McLanahan considered the best B 52 bombardier in the Air Force The others on the crew are hard charging pilots and world class engineers and McLanahan is nothing like them But the team leader and aircraft commander Lt General Brad Elliott can see that McLanahan is a quiet professional and a natural born leader Soviet spies soon discover the Megafortress and they recognize that a fleet of these advanced planes can practically neutralize all of the Soviet Union s air defenses Back channel negotiations begin and the U S is willing to mothball the Megafortress if the Soviets mothball the Kavaznya laser That is completely unacceptable to the Soviet leader and he hatches a daring plan to deal with the Megafortress while keeping his devastating laser weapon Just prior to a live fire flight test a team of Russian commandos invade Dreamland with the goal of stealing the Megafortress or destroying it The crew just barely manages to escape The American president orders the top

secret aircraft back to Dreamland but Brad Elliott and the vice president hatch a daring plan of their own use the Megafortress to penetrate the Soviet Union's stiff air defenses and destroy the Kavaznya laser. Thus begins the aerial cat and mouse game across ten thousand miles and wave after wave of the Soviet Union's most advanced air defenses and fighter interceptors which are all on full alert. Most of the Megafortress's crew have no military training. They have supplies for only a few hours and are outfitted for the deserts of southern Nevada not the frigid steppes of Siberia. They have flown the Megafortress only a few times and only in carefully scripted test flights. With Brad Elliott at the controls Patrick McLanahan realizes that it's up to him to organize and get the rest of the crew ready for the fight of their lives. **Day of the Cheetah**

Dale Brown, 2024-07-16 In one of his boldest bestsellers Dale Brown creates a shattering scenario of the ultimate race for technology. America's most advanced fighter plane DreamStar has been hijacked. To retrieve it Lt Col Patrick McLanahan takes on his most daring assignment since the Flight of the Old Dog. The odds are against him. His plane the Cheetah is less advanced than the DreamStar. And so begins the greatest high flying chase of all time. *The Captains* W.E.B.

Griffin, 1986-10-15 It was more than an incident. It was a deadly assault across the 38th parallel. It was the Korean War. In the fear and frenzy of battle those who had served with heroism before were called again by America to man the trenches and sandbag bunkers. From Pusan to the Yalu they drove forward with commands too new and tanks too old. Brothers in war bonded together in battle as they had never been in peace. Air Battle Force Dale Brown, 2009-03-17 In military circles it's known as Air Battle Force an air combat unit of the future under the command of aerial warfare expert Major General Patrick McLanahan capable of launching stealthy precision guided firepower to anywhere on the globe within hours. And now McLanahan and his warriors have their first target. Driven from Afghanistan the parasitic forces of the deposed Taliban regime have decided to feed on a new host an isolated oil rich Central Asian neighbor that's ripe for the conquering. The battle for control of the world's largest oil deposits has begun with unsteady alliances forming and opposing forces set to collide. And now a handful of American commandos half a world away aided by McLanahan's unproven robotic warplanes will have to triumph against overwhelming numbers in a war that nobody including friendly forces at home wants them to win.

Special Operations W.E.B. Griffin, 1989-10-01 In this exciting new series W E B Griffin reveals a city police force with all the authentic detail and drama that made THE CORPS and BROTHERHOOD OF WAR phenomenal bestsellers. Here is an explosive novel of the men and women behind the badge a unique brotherhood of courage loyalty and trust. Facing a desperate public a hostile press and reluctant witnesses they must stop a new reign of violence a terrifying spree of kidnapping and rape that has plunged the entire city in fear. **The Writer's Market**, 1993 **Writer's Market, 1992**
