Eastern Light in Western Eyes Marty Glass, 2005-03 Marty Glass lives with his wife Carol beyond the power and water
lines in Humboldt County California relying on his 1965 pick up truck Old Brown to take him the final two miles up a dirt
road to his owner built home He has worked as a college English instructor warehouseman and janitor A devoted father of
five children loving husband and neighbor he now teaches sixth grade in a rural elementary school and plays jazz piano and
cards For the past thirty years he has seriously practiced the religion of India spending the long necessary hours meditating
in Marty's Cell an old chicken coop reborn as an austere shrine His spiritual practice is his real life Marty's acclaimed book
Yuga An Anatomy of our Fate was published by Sophia Perennis in 2001 He now gives us perhaps his most beautiful and
thoughtful gift reminding us that the world is woven of the infinite Love and Joy that is God and showing us how inspired by
the Hindu tradition that Love and Joy can be directly experienced as the heart of the universe and the heart of our hearts We
have it from Frithjof Schuon The Transcendent Unity of Religions and many others that the Vedanta appears among explicit
doctrines as one of the most direct formulations possible of what makes the very essence of our spiritual reality The work in
hand can be read as a book length unpacking of that accurate description Reliable from beginning to end it is distinctive
among the innumerable renditions of the Vedanta in two ways First because its author is an accomplished wordsmith he

makes the Vedanta's profundities which delve as deep as those of any philosophical theology read like an open book and second because he has worked for thirty years to shape his life by those profundities his vivid accounts of what he experienced along the way make his words jump off the page into the reader's heart The book is inspiring Huston Smith author of *Why Religion Matters* *The World's Religions* etc **Witness to the Fullness of Light** Skudlarek,

Kriya Yoga Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone with without initiation Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster then in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper
