k a Blue who was born with the gift of being a sensitive and an empath gifts which are extremely well suited for her work Her empathy is so pronounced that she is practically a walking lie detector She can also sense souls While her physical abilities seem limited she compensates by being intelligent assertive and having a will of steel As the story moves forward she learns there is more to her power than she originally thought Plot The story starts out at the scene of the crime where a teenage boy was found horrifically tortured and murdered The plot follows the investigation of that crime and unfolds from the alternating first person perspectives of the heroine Bluebell Kildare and hero Blue s boss Jack Tanner Underlying Theme There are some deeper aspects to this story as the characters begin to explore the nature of good and evil The main societal conflict present in this world is prejudice and hate and it is in fact the primary underlying theme for the book While the typical prejudices we see in our reality don t exist in this world the author has flipped the lens of prejudice to focus on the three different breeds of humans The characters are forced to deal with the prejudices that permeate their society on both a professional and a personal level in an environment where hate seems on the knife s edge of destroying their dearly bought peace
