

## Linde – Your Partner

With over 100,000 fork lift trucks and warehouse machines sold annually, Linde is one of the world's leading manufacturers of material handling equipment. There are many reasons for this success: Linde products are renowned not only for their innovative, cutting-edge technology, but also for their low energy and operating costs, which are up to 40 per cent lower than those of their competitors.

The high quality of Linde products is also matched by the quality of our service. With ten production plants worldwide and an extensive network of sales partners, we are at your service round the clock and around the world.

Your local Linde partner can offer you a complete package from a single source: ranging from expert advice on all aspects of sales and service through, of course, to appropriate finance options. Our leasing, hire or lease-purchase agreements provide you with the flexibility to tailor decision-making to your individual business requirements.

### **Introduction to Cosmic Inflation and Dark Energy**

Konstantinos Dimopoulos, 2020-11-24. Cosmic inflation and dark energy hold the key to the origin and the eventual fate of the Universe. Despite the increasing prominence of these subjects in research and teaching over the past decade or more, no introductory textbook dedicated to these topics has been previously published. Dr Konstantinos Dimopoulos is a highly regarded expert in the field and an experienced communicator of the subject to students. In this book, he provides advanced undergraduate and early graduate students with an accessible introduction and equips them with the tools they need to understand the cosmology of cosmic inflation and dark energy. Features: Provides a concise pedagogical crash course in big bang cosmology, focusing on the dynamics and the history of the Universe, with an emphasis on the role of dark energy. Chapters contain questions and problems for readers to test their understanding. The first book to make cosmic inflation and dark energy accessible to students. *Handbook of Magnetic Materials*, K.H.J. Buschow, 2006-02-08. Volume 16 of the Handbook on the Properties of Magnetic Materials, as the preceding volumes, has a dual purpose. As a textbook, it is intended to be of assistance to those who wish to be introduced to a given topic in the field of magnetism without the need to read the vast amount of literature published. As a work of reference, it is intended for scientists active in magnetism research. To this dual purpose, Volume 16 of the Handbook is composed of topical review articles written by leading authorities. In each of these articles, an extensive description is given in graphical as well as in tabular form, much emphasis being placed on the discussion of the experimental material in the framework of physics, chemistry, and material science. It provides the readership with novel trends and achievements in magnetism, composed of topical review articles written by leading authorities, intended to be of assistance to those who wish to be introduced to a given topic in the field of magnetism as a work of reference.
