Savage Appetites Rachel Monroe, 2019-08-20 A necessary and brilliant NPR exploration of our cultural fascination with true crime told through four enthralling *The New York Times* Book Review narratives of obsession In *Savage Appetites* Rachel Monroe links four criminal roles Detective Victim Defender and Killer to four true stories about women driven by obsession From a frustrated and brilliant heiress crafting crime scene dollhouses to a young woman who became part of a Manson victim's family from a landscape architect in love with a convicted murderer to a Columbine fangirl who planned her own mass shooting these women are alternately mesmerizing horrifying and sympathetic A revealing study of women's complicated relationship with true crime and the fear and desire it can inspire together these stories provide a window into why many women are drawn to crime narratives even as they also recoil from them Monroe uses these four cases to trace the history of American crime through the growth of forensic science the evolving role of victims the Satanic Panic the rise of online detectives and the long shadow of the Columbine shooting Combining personal narrative reportage and a sociological examination of violence and media in the 20th and 21st centuries *Savage Appetites* is a corrective to the genre it interrogates *The New Statesman* scrupulously exploring empathy justice and the persistent appeal of crime

Taboo Eric Kaufmann, 2024-07-04 Stimulating and provocative *The Times* The once dominant philosophy of the West defined by free expression equal treatment of individuals national solidarity and scientific rationality is under threat Cultural socialism which advocates harsh restrictions on free speech due process and national symbols in order to reduce psychological harm and bolster the esteem of formerly marginalized groups is on the rise Rather than focusing on Marxist revolutionaries or equality law Eric Kaufmann concentrates on well meaning left liberals He argues that the genesis of woke cultural socialism emerged from liberal taboos around race that arose in the 1960s and came to be weaponised and extended to other areas such as gender Using extensive survey data he shows that this process is driven mainly by values not fear and is only going to accelerate as culturally leftist generations enter the workforce and electorate

Its rise suppresses the open debate that makes effective policy making possible harming the minorities cultural socialists purport to help Only if we shift from encouraging minority fragility to building minority resilience using state power to check institutional illiberalism can we resist cultural socialism and restore cultural flourishing This is the authoritative study of the radical shift in values that has turbo charged the culture wars of our time No one concerned with the cultural and political conflicts of our times can afford to miss it Telling Incest Janice L. Doane, Devon L. Hodges, 2001 An exploration of how specific historical contexts narrative conventions and cultural politics shape the ways that stories of incest are told and heard

Isabel Allende's House of the Spirits Trilogy Karen Wooley Martin, 2010 The source of the narrative energy that creates such absorbing stories Allende's very popular novels have attracted both critical approval and opprobrium often at the expense of genuine analysis This sophisticated study explores the narrative architecture of Allende's *House of the Spirits* 1982 *Daughter of Fortune* 1999 and *Portrait in Sepia* 2000 as a trilogy proposing that the places created in these novels subvert the patriarchal norms that have governed politics sexuality and ethnicity Rooted in the Foucauldian premise that the history of space is essentially the history of power and supported by Susan Stanford Friedman's cultural geographies of encounter as well as Gloria Anzaldúa's study of borderlands this study shows that by rejecting traditional spatial hierarchies Allende's trilogy systematically deterritorializes the elite while shifting the previously marginalized to the physical and thematic centers of her works This movement provides the narrative energy which draws the reader into Allende's universe and sustains the good story for which she has been universally acclaimed

KAREN WOOLEY MARTIN is Associate Professor of Spanish at Union University Jackson Tennessee

Forecast, 1925 *Everybody's Family Romance* Gillian Harkins, 2009 In the 1990s a boom in autobiographical novels and memoirs about incest emerged making incest one of the hottest topics to connect daytime TV talk shows the self help industry and the literary publishing circuit In *Everybody's Family Romance* Gillian Harkins places

this proliferation of incest literature at the center of transformations in the political and economic climate of the late twentieth century Harkins's interdisciplinary approach reveals how women's narratives about incest were co-opted by and yet retained resistant strains against the cultural logics of the neoliberal state Across chapters examining legal cases on recovered memory popular journalism and novels and memoirs by Dorothy Allison Carolivia Herron Kathryn Harrison and Sapphire Harkins demonstrates that incest narratives look backward into the past In these accounts images of incest forge links between U S chattel slavery and the distributive impasses of the welfare state and between decades distant childhoods and emergent memories of the present In contrast to recent claims that incest narratives eclipse broader frameworks of political and economic power Harkins argues that their emergence exposes changing structural relations between the family and the nation and in doing so transforms the analyses of American familial sexual violence
