Linguistic Perspectives On English Grammar A Guide For Efl Teachers:

Linguistic Perspectives on English Grammar Martin J. Endley, 2010 The proposed book is best described as a linguistically oriented textbook taking the grammar of English as its subject matter It is directed to professional teachers of English ESL and EFL and their students as well as those currently training to become teachers of English The book is also likely to be of interest to interpreters translators and other English language professionals It will explore selected aspects and problem areas of English from a broadly functional linguistic perspective My experience as a teacher and teacher trainer has shown me that this perspective has the potential to inspire teachers and students with a genuine enthusiasm for the grammatical features of English and that it often enables them to make sense of the grammar in a way that all too often other approaches fail to do An important focus of the book is on understanding grammar as a series of conventionalized patterns rather than a set of rules which is how grammar has traditionally been presented Moreover unlike many other grammar books this book emphasizes how the grammatical constructions under consideration are employed in various types of communicative situation attention being given to the importance of discourse context in interpreting the target forms In line with contemporary linguists generally the approach adopted is descriptive rather than prescriptive While the main focus is on English I offer occasional comments on how the issue under discussion is expressed in languages other than English Apart from the inherent interest which I hope such comparisons may have for the reader I take the view that these can be helpful in casting further light on the grammar of English

Linguistic Perspectives on English Grammar Martin J. Endley, 2010-12-01
The proposed book is best described as a linguistically oriented textbook taking the grammar of English as its subject matter It is directed to professional teachers of English ESL and EFL and their students as well as those currently training to become teachers of English The book is also likely to be of interest to interpreters translators and other English language professionals It will explore selected aspects and problem areas of English from a broadly functional linguistic perspective My experience as a teacher and teacher trainer has shown me that this perspective has the potential to inspire teachers and students with a genuine enthusiasm for the grammatical features of English and that it often enables them to make sense of the grammar in a way that all too often other approaches signally fail to do An important focus of the book is on understanding grammar as a series of conventionalized patterns rather than a set of rules which is how grammar has traditionally been presented Moreover unlike many other grammar books this book emphasizes how the grammatical constructions under consideration are employed in various types of communicative situation attention being given to the importance of discourse context in interpreting the target forms In line with contemporary linguists generally the approach adopted is descriptive rather than prescriptive While the main focus is on English I offer occasional comments on how the issue under discussion is expressed in languages other than English Apart from the inherent interest which I hope such comparisons may have for the reader I take the view that these can be helpful in casting further light on the grammar of

English A New Approach to English Pedagogical Grammar Akira Tajino, 2017-10-12 This book proposes Meaning order Approach to Pedagogical Grammar MAP Grammar as a practical pedagogical approach in ESL and EFL contexts Teaching grammar through an easy to understand three dimensional model MAP Grammar establishes the clause as the fundamental unit of English and interprets meaning units in the sentence thus allowing visualizable association between individual grammar items By focusing on the order of meaning rather than the order of words in a sentence MAP Grammar also distills current descriptive sentence structures typically taught as five or seven patterns into one meaning based sentence structure for teaching and learning MAP Grammar makes syllabus design and teaching easier in the following ways Visualizing English grammar in a clear model allowing association between individual grammar items Instruction relies on meaning not metalanguage making MAP Grammar easy to grasp The meaning based sentence structure allows teachers to address global errors and learners to produce comprehensible English *Advancing English Language Education* Wafa Zoghbor ,Thomaï Alexiou, 2020-01-01 *Advancing English Language Education* Edited by Wafa Zoghbor Young Learners Testing and Assessment Teaching of Writing Skills Context Specic Issues in EFL Teaching Learning and Pedagogy Contributors Alessandro Ursic Alison Larkin Koushki Athanasios Karasimos Daria Grits David Rear Irshat Madyarov Ivan Ivanov James Milton Laila Khalil Larysa Nikolayeva Mariam Al Nasser Marianthi Serafeim Marielle Risse Marta Tryzna Mher Davtyan Michael M Parrish Nikita Berezin Nour Al Okla Peter Davidson Richard D Miller Syuzanna Torosyan Talin Grigorian Thoma Alexiou Wafa Zoghbor Zainab Rashed Aldhanhani *English Compounds and their Spelling* Christina Sanchez-Stockhammer, 2018-05-03 An original study of the formation of compounds and what syntactic structural and semantic criteria determine their spelling and usage **Describing and Explaining Grammar and Vocabulary in ELT** Dilin Liu, 2013-08-15 Language description plays an important role in language learning teaching because it often determines what specific language forms features and usages are taught and how A good understanding of language description is vital for language teachers and material writers and should constitute an important part of their knowledge This book provides a balanced treatment of both theory and practice It focuses on some of the most important and challenging grammar and vocabulary usage questions Using these questions as examples it shows how theory can inform practice and how grammar and vocabulary description and explanation can be made more effective and engaging Part I describes and evaluates the key linguistic theories on language description and teaching Part II discusses and gives specific examples of how challenging grammar and vocabulary issues can be more effectively described and explained each chapter focuses on one or more specific grammar and vocabulary An annotated list of useful free online resources online corpora and websites for grammar and vocabulary learning and teaching and a glossary provide helpful information *Corpus Perspectives on the Spoken Models used by EFL Teachers* Angela Farrell, 2019-11-12 *Corpus Perspectives on the Spoken Models used by EFL Teachers* illustrates the key principles and practical guidelines for the design and exploitation of corpora for classroom based research Focusing on the nature of the

spoken English used by L2 teachers which serves as an implicit target model for learners alongside the curriculum model this book brings an innovative perspective to the on going academic debate concerning the models of spoken English that are taught today Based on research carried out in the EFL classroom in Ireland this book explores issues and challenges that arise from the use of non standard varieties of spoken English by teachers alongside the use of Standard British English and examines the controversies surrounding sociolinguistic approaches to the study of variation in spoken English combines quantitative corpus linguistic investigations with qualitative functional discourse analytic approaches from pragmatics and SLA for classroom based research demonstrates the ways in which changing trends and perspectives surrounding spoken English may be filtering down to the classroom level Drawing on a corpus of 60 000 words and highlighting strategies and techniques that can be applied by researchers and teachers to their own research context this book is key reading for all pre and in service teachers of EFL as well as researchers in this field

The Routledge Handbook of Corpus Linguistics Anne O'Keeffe, Michael J. McCarthy, 2022-02-08 The Routledge Handbook of Corpus Linguistics 2e provides an updated overview of a dynamic and rapidly growing area with a widely applied methodology Over a decade on from the first edition of the Handbook this collection of 47 chapters from experts in key areas offers a comprehensive introduction to both the development and use of corpora as well as their ever evolving applications to other areas such as digital humanities sociolinguistics stylistics translation studies materials design language teaching and teacher development media discourse discourse analysis forensic linguistics second language acquisition and testing The new edition updates all core chapters and includes new chapters on corpus linguistics and statistics digital humanities translation phonetics and phonology second language acquisition social media and theoretical perspectives Chapters provide annotated further reading lists and step by step guides as well as detailed overviews across a wide range of themes The Handbook also includes a wealth of case studies that draw on some of the many new corpora and corpus tools that have emerged in the last decade Organised across four themes moving from the basic start up topics such as corpus building and design to analysis application and reflection this second edition remains a crucial point of reference for advanced undergraduates postgraduates and scholars in applied linguistics

Language Teacher Education for a Global Society B. Kumaravadivelu, 2012-05-22 This book introduces a state of the art model for second foreign language language teacher education Knowing Analyzing Recognizing Doing and Seeing KARDS Its goal is to develop prospective and practicing teachers into strategic thinkers exploratory researchers and transformative teachers

Innovations and Challenges in Grammar Michael McCarthy, 2020-05-19 Innovations and Challenges in Grammar traces the history of common understandings of what grammar is and where it came from to demonstrate how rules are anything but fixed and immutable In doing so it deconstructs the notion of correctness to show how grammar changes over time thereby exposing the social and historical forces that mould and change usage The questions that this book grapples with are Can we separate grammar from the other features of the language system and get

a handle on it as an independent entity Why should there be strikingly different notions and models of grammar Are they in compatible Which one or ones fit s best the needs of applied linguists if we assume that applied linguists address real world problems through the lens of language And which one s could make most sense to non specialists If grammar is not a fixed entity but a set of usage norms in constant flux how can we persuade other professionals and the general public that this is a positive observation rather than a threat to civilised behaviour This book draws upon both historical and modern grammars from across the globe to provide a multi layered picture of world grammar It will be useful to teachers and researchers of English as a first and second language though the inclusion of examples from and occasional references to other languages French Spanish Malay Swedish Russian Welsh Burmese Japanese is intended to broaden the appeal to teachers and researchers of other languages It will be of use to final year undergraduate postgraduate and doctoral students as well as secondary and tertiary level teachers and researchers in applied linguistics second language acquisition and grammar pedagogy

TESOL: A Guide Jun Liu, Cynthia Berger, 2015-02-26 This book serves as a comprehensive reference resource for current and prospective English language teachers students of TESOL academics and other professionals working within the field of Teaching English as a Second or Other Language TESOL As an essential single volume resource TESOL A Guide explores TESOL in three dimensions as a profession as a field of study and as an international association In doing so it offers a thorough summary of themes and issue relevant to TESOL s multiple dimensions including a practical overview of the TESOL profession and a compendium of current TESOL research topics and methodologies In commemoration of the 50th anniversary of TESOL International Association a key section of the book highlights the development of this association and features the reflections of several previous TESOL International Association presidents Readers will also appreciate the extensive glossary and appendix of TESOL resources both of which are designed to comprise a valuable and manageable guide for newcomers to the field as well as for developing practitioners and researchers

Handbook of Research in Second Language Teaching and Learning Eli Hinkel, 2016-11-18 Volume III of the Handbook of Research in Second Language Teaching and Learning like Volumes I and II is a comprehensive state of the art overview of current research into social contexts of second language L2 foreign language FL teaching and learning language policy curriculum types of instruction incremental language skills such as listening speaking reading writing vocabulary and grammar international communication pragmatics assessment and testing It differs from earlier volumes in its main purpose to provide a more in depth discussion and detailed focus on the development of the essential language skills required for any type of communication speaking listening reading vocabulary grammar and writing Volume III preserves continuity with previous volumes in its coverage of all the classical areas of research in L2 FL teaching and learning and applied linguistics but rather than offering a historical review of disciplinary traditions it explores innovations and new directions of research acknowledges the enormous complexity of teaching and learning the essential language abilities and offers a diversity of perspectives Chapter authors are

all leading authorities in their disciplinary areas What's new in Volume III Updates the prominent areas of research including the sub disciplines addressed in Volumes I and II and represents the disciplinary mainstays Considers and discusses perspectives held by different schools of thought on the what the how and the why of teaching foundational language skills including theories pedagogical principles and their implementation in practice Captures new and ongoing developments and trends in the key areas of L2 FL teaching and learning and innovative research topics that have gained substantial recognition in current publications including the role of corpora technology and digital literacy in L2 FL teaching and learning Examines new trends in language pedagogy and research such as an increased societal emphasis on teaching academic language for schooling somewhat contradictory definitions of literacy and the growing needs for instruction in intercultural communication

What English Language Teachers Need to Know Volume III MaryAnn

Murray, 2014-03-05 What English Teachers Need to Know a set of companion texts designed for pre service teachers and teachers new to the field of ELT addresses the key question What do English language teachers need to know and be able to do in order for their students to learn English These texts work for teachers across different contexts countries where English is the dominant language one of the official languages or taught as a foreign language different levels elementary primary secondary college or university or adult education and different learning purposes general English workplace English English for academic purposes or English for specific purposes Volume I on understanding learning provides the background information that teachers need to know and be able to use in their classroom Volume II on facilitating learning covers the three main facets of teaching planning instructing and assessing Volume III on designing curriculum covers the contexts for processes in and types of ELT curricula linguistic based content based learner centered and learning centered Throughout the three volumes the focus is on outcomes that is student learning Features Situated in current research in the field of English language teaching and other disciplines that inform it Sample data including classroom vignettes Three kinds of activities tasks Reflect Explore and Expand

Intelligibility in World Englishes Cecil

L. Nelson, 2012-01-27 This comprehensive treatment of intelligibility in world Englishes provides an overview of the definitions and scopes of intelligibility comprehensibility and interpretability and addresses key topics within this paradigm

Academic Vocabulary in Learner Writing Magali Paquot, 2010-07-22 Academic vocabulary is in fashion as witnessed by the increasing number of books published on the topic In the first part of this book Magali Paquot scrutinizes the concept of academic vocabulary and proposes a corpus driven procedure based on the criteria of keyness range and evenness of distribution to select academic words that could be part of a common core academic vocabulary syllabus In the second part the author offers a thorough analysis of academic vocabulary in the International Corpus of Learner English ICLE and describes the factors that account for learners difficulties in academic writing She then focuses on the role of corpora and more particularly learner corpora in EAP material design It is the first monograph in which Granger's 1996 Contrastive

Interlanguage Analysis is used to compare 10 ICLE learner sub corpora in order to distinguish between linguistic features that are shared by learners from a wide range of mother tongue backgrounds and unique features that may be transfer related

Content Knowledge in English Language Teacher Education Darío Luis Banegas, 2020-02-20 Content Knowledge in English Language Teacher Education provides original professional experiences and research accounts of teaching language in the specific context of English language teacher education programmes in diverse international settings with contributions from Argentina Australia Chile China Ecuador Japan Mexico the USA and Turkey The volume focuses on how teacher educators plan and deliver modules which help future teachers understand English as a system and develop English language proficiency The contributors describe and analyse their professional practices in designing delivering and evaluating modules or courses on understanding the English language as a system i e content knowledge exploring the teaching of elements such as phonetics phonology grammar pragmatics philology and discourse analysis In addition they draw on their vast professional experience to explore how to successfully develop competence and language skills in English so that teachers can become models and proficient users of the language for their students The contributions range from more historical and functionally linguistic focused chapters to more sociocultural explorations of teaching English to future teachers including interculturality multilingualism World Englishes critical thinking skills academic writing and literacy through literature The accounts shed light on the diverse practices of educators from many different countries contexts and cultural and linguistic backgrounds drawing links between policy and practice to locate much of English language teacher education and curriculum development outside the so called inner circle of native English language speaking contexts practitioners and researchers

Studying for a Masters in TESOL or Applied Linguistics Douglas E. Bell, 2023-12-19 Studying for a Masters in TESOL or Applied Linguistics provides the definitive go to text for all students studying an MA in TESOL or Applied Linguistics as well as closely related degrees such as an MA in English Language Teaching Written in a clear and user friendly format and drawing on authentic and highly relevant source materials with the inclusion of practical tasks and answer keys for self correction throughout this book demystifies each stage of the MA TESOL MA Applied Linguistics journey Covering practical programme components such as lesson observation and teaching practice this book helps the reader to develop the key skills required to successfully complete an MA including How to effectively manage your time How to get the most out of your lectures How to develop effective reading skills How to become a better academic writer How to deal with various types of assessments How to deliver effective oral presentations Guiding students step by step through the process of how to choose research and then write a successful dissertation the book closes with guidance and tips for students on how to proceed after completing an MA in TESOL Applied Linguistics This book is therefore essential reading for those contemplating or undertaking an MA in either of these areas

Futuristic and Linguistic Perspectives on Teaching Writing to Second Language Students Hancı-Azizoglu, Eda Başak, Kavaklı, Nurdan, 2020-12-11 The aptitude

to write well is increasingly becoming a vital element that students need to succeed in college and their future careers. Students must be equipped with competent writing skills as colleges and jobs base the acceptance of students and workers on the quality of their writing. This situation captures the complexity of the fact that writing represents higher intellectual skills and leads to a higher rate of selection. Therefore, it is imperative that best strategies for teaching writing speakers of other languages is imparted to provide insights to teachers who can better prepare their students for future accomplishments. *Futuristic and Linguistic Perspectives on Teaching Writing to Second Language Students* examines the theoretical and practical implications that should be put in place for second language writers and offers critical futuristic and linguistic perspectives on teaching writing to speakers of other languages. Highlighting such topics as EFL/ESL composition, digital storytelling, and forming identity, this book is ideal for second language teachers and writing instructors as well as academicians, professionals, researchers, and students working in the field of language and linguistics. **The Routledge**

Handbook of Teaching English as an International Language Ali Fuad Selvi, Nicola Galloway, 2024-12-30. The Routledge Handbook of Teaching English as an International Language provides a ground-breaking overview of the research on the global spread of English with pedagogical implications. Bringing together a number of key scholars and scholarly discussions on various aspects of teaching English as an International Language (TEIL), this handbook directs research in this field to help inform the much-needed paradigm shift in ELT away from idealized native English-speaking norms. Reframing English language teaching and teacher education to match the new sociolinguistic landscape of the 21st century, this handbook analyzes this topic in seven key areas: Theoretical considerations, Major frameworks and proposals, Principles and practices of teaching and assessing English, Innovative approaches, varied contexts and transformative practices, Diverse teaching settings and populations, Teacher education and professional development, Research developments and future directions. The Routledge Handbook of Teaching English as an International Language is essential reading for scholars and students researching in the areas of World Englishes, English as a lingua franca, English as an international language, Global Englishes, ELT, sociolinguistics, and critical applied linguistics. [Perspectives on Language Assessment Literacy](#) Sahbi Hidri, 2020-06-08. *Perspectives on Language Assessment Literacy* describes how the elements of language assessment literacy can help teachers gather information about when and how to assess learners and about using the appropriate assessment tools to interpret results in a fair way. It provides highlights from past and current research, descriptions of assessment processes that enhance LAL, case studies from classrooms, and suggestions for professional dialogue and collaboration. This book will help to foster continuous learning, empower learners and teachers, and make them more confident in their assessment tasks and reassure decision makers that what is going on in assessment meets international benchmarks and standards. It addresses issues like concepts and challenges of assessment, the impacts of reflective feedback on assessment, the ontogenetic nature of assessment literacy, the reliability of classroom-based assessment, and interfaces between teaching

and assessment It fills this gap in the literature by addressing the current status and future challenges of language assessment literacy This book will be of great interest for academics researchers and post graduate students in the fields of language assessment literacy and English language teaching
