Liquid Love Bauman

Inger Furseth, Pål Repstad

Liquid Love Bauman:

Liquid Love Zygmunt Bauman, 2003 **Liquid Modernity** Zygmunt Bauman, 2013-07-10 In this new book Bauman examines how we have moved away from a heavy and solid hardware focused modernity to a light and liquid software based modernity This passage he argues has brought profound change to all aspects of the human condition The new remoteness and unreachability of global systemic structure coupled with the unstructured and under defined fluid state of the immediate setting of life politics and human togetherness call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history This book is dedicated to this task Bauman selects five of the basic concepts which have served to make sense of shared human life emancipation individuality time space work and community and traces their successive incarnations and changes of meaning *Liquid Modernity* concludes the analysis undertaken in Bauman's two previous books *Globalization The Human Consequences* and *In Search of Politics Together* these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today

Sociology Anthony Giddens, Simon Griffiths, 2006 This updated edition provides an ideal teaching text for first year university and college courses **An Introduction to the Sociology of Religion** Inger Furseth, Pål Repstad, 2017-03-02 Is it true that religion is weakening in modern times or are we facing religious resurgence What is fundamentalism How does it emerge and grow What role does religion play in ethnic and national conflicts Is religion a fundamental driving force or do political leaders use religion for their own purposes Do all religions oppress women These are some of the questions addressed in this book *An Introduction to the Sociology of Religion* provides an overview of sociological theories of contemporary religious life Some chapters are organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions **A Postmodern Theology of Ritual Action** Jonathan L. Best, 2019-02-26 *A Postmodern Theology of Ritual Action* is a unique work that seeks to explore where we find meaning within ritual and actions within the church Bridging hermeneutics philosophy and postmodern thought this work seeks to explore how to do theology with the community through conversation Beginning with the mindset that meaning is already present within ritual action rather than outside it Best engages the practice of foot washing among the Original Free Will Baptist denomination of eastern North Carolina Foot washing suggests a new future for theology a future that models love service and acceptance Incorporating insights gained from conversing with philosophy theology and the Original Free Will Baptists foot washing points toward a future relational practical theology *A Postmodern Theology of Ritual Action* is a captivating work that draws from both philosophers and theologians to show that we can learn much by listening to the voices of religious practitioners **ThirdWay**, 2003 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Bauman's Challenge** M. Davis, K. Tester, 2010-05-07

This unique and original collection by internationally renowned scholars uses critical engagements with Zygmunt Bauman's sociology to understand the challenges that face globalized human societies at the start of the 21st century. Includes a concluding chapter by Bauman.

Everyday Moralities Nicholas Hookway, 2019-04-29 Winner of the 2020 Stephen Crook Memorial Prize from The Australian Sociological Association a biennial prize for the best authored book in Australian sociology. From concerns of dwindling care and kindness for others to an excessive concern with self and consumerism plenty of evidence has been provided for the claim that morality is in decline in the West yet little is known about how people make sense of and experience their everyday moral lives. This insightful book asks how late modern subjects construct, understand and experience morality in a context of moral uncertainty. With a focus on two areas of morality and human conduct: love and intimacy and the human treatment of animals, the author draws on the work of Bauman, Ahmed, Irigaray, Foucault and Taylor to construct an innovative theoretical synthesis which is combined with new empirical material drawn from online diaries or blogs to examine the complex and intriguing ways that contemporary subjects narrate and experience everyday moral decision making. Providing theoretical and empirical insights into the contemporary production of morality and selfhood in late modernity, *Everyday Moralities* sheds new light on the ways in which people morally navigate a changing social world and advances sociology beyond models of narcissism, moral loss and community breakdown. As such it makes an important contribution to an underdeveloped area of the discipline, explicitly addressing the everyday ways morality is lived and practised in a climate of moral ambiguity.

Ecclesial Identification Beyond Late Modern Individualism? Karl Inge Tangen, 2012-03-06 Why do people identify with growing late modern churches and does identification lead to morally transforming commitments beyond late modern consumerism? This case study presents findings that may inspire both social scientists and theological practitioners to new forms of thinking.

Fifty Key Postmodern Thinkers Stuart Sim, 2013-08-21 Postmodernism is an important part of the cultural landscape which continues to evolve yet the ideas and theories surrounding the subject can be diverse and difficult to understand. *Fifty Postmodern Thinkers* critically examines the work of fifty of the most important theorists within the postmodern movement who have defined and shaped the field, bringing together their key ideas in an accessible format. Drawing on figures from a wide range of subject areas including literature, cultural theory, philosophy, sociology and architecture, those covered include John Barth, Umberto Eco, Slavoj Žižek, Cindy Sherman, John Cage, Jean-François Lyotard, Charles Jencks, Jacques Derrida, Homi K. Bhabha, Quentin Tarantino. Each entry examines the thinker's career, key contributions and theories and refers to their major works. A valuable resource for those studying postmodern ideas at both undergraduate and postgraduate level, this text will appeal across the humanities and social sciences.

Of Tourists and Vagabonds in the Global South Maximiliano E. Korstanje, 2024-10-04 Offering a lucid diagnosis of the conflictive encounter between people experiencing homelessness and foreign tourists in Buenos Aires City, chapters examine divergent topics such as poverty, tourism, safety, security in tourism, tourism consumption, heritage, tourism

and anthropology of tourism Freedom and Consumerism Mark Davis, 2017-05-15 How does Bauman understand the concept of freedom and how does this understanding relate to the political traditions of conservatism liberalism and socialism Mark Davis offers a critical enquiry into the sociology of Zygmunt Bauman focusing on his English language writings from the 1960s onwards The book contributes to sociological debates about modern society by offering an interpretation of Bauman's work based on the concept of freedom especially in terms of his extensive consideration of consumerism Existing studies of Bauman have tended to focus uncritically upon other salient themes in his work notably culture power and socialism Davis repairs the lack of critical engagement in the literature by identifying freedom as a focus for critical reflection He also opens up new areas of discourse by analyzing Bauman's understanding of freedom in relation to the three great political traditions of conservatism liberalism and socialism This is an original contribution to discussions around Bauman's work which will be of interest to both sociologists and political theorists **On Garbage** John Scanlan, 2005-03-01 How do we decide what is junk The discarded remnants of our daily lives may no longer be useful to us yet John Scanlan proposes in *On Garbage* that our trash is actually a treasure trove of artifacts that reveals intriguing insights into the modern human condition and the evolution of Western culture *On Garbage* is the first book to examine the detritus of Western culture in full range not only material waste and ruin but also residual or broken knowledge and the lingering remainders of cultural thought systems Scanlan considers how Western philosophy science and technology attained mastery over nature through what can be seen as a prolonged act of cleansing as scientists and philosophers weeded out incorrect outmoded or superseded knowledge He also analyzes how disposal not only produces overwhelming mountains of waste but creates dead bits of useless knowledge that permeate the reality of modern Western societies He argues that physical and intellectual debris reveal new insights into the basic tenets of Western culture and ultimately that the abject reality of our disposable lives has led to us becoming the garbage of our times Christian Witness in Cascadian Soil Ross A. Lockhart, 2021-02-17 The Centre for Missional Leadership at St Andrew's Hall Vancouver has curated a dynamic collection of essays from missional thinkers in church and academy Together they explore both the pitfalls and possibilities of Christian witness in the post Christendom soil of the Pacific Northwest What does it mean to till plant and nurture Christian community while awaiting growth in the rocky soil of secularity in this West Coast land better known for its hipsters baristas and outdoor lifestyle Each chapter is an attempt to dust for divine fingerprints at work within the church and wider culture giving evidence of God's activity in our midst Within this book you will encounter women and men who are finding hopeful ways to proclaim and live the gospel that are bearing fruit and growing hope within Christian communities and the neighborhoods they call home **Introduction to Sociology: Canadian Version** George Ritzer, Neil Guppy, 2013-07-25 While providing a rock solid foundation of sociology *Introduction to Sociology Canadian Version* by renowned sociologists George Ritzer and Neil Guppy illuminates traditional sociological concepts and theories as well as some of today's most compelling social

phenomena Globalization consumer culture and the Internet Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom The international version of the book by Ritzer has been redesigned with an explicitly Canadian core The result is this compelling Canadian version featuring George Ritzer's distinctive voice and style blended with Neil Guppy's definitive views on Canadian sociology highlighting the place of Canada in a globalizing world

Orthodox Tradition and Human Sexuality Thomas Arentzen, Ashley M. Purpura, Aristotle Papanikolaou, 2022-11-15 Sex is a difficult issue for contemporary Christians but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity Within its unique history theology and tradition Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways What is at stake in questions of sexuality in the Orthodox tradition What sources and theological convictions can uniquely shape Orthodox understandings of sexuality This volume aims to create an agora for discussing sex and not least the sexualities that are often thought of as untraditional in Orthodox contexts Through fifteen distinct chapters written by leading scholars and theologians this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural patristic theological historical and sociological perspectives Chapters devoted to practical and pastoral insights as well as reflections on specific cultural contexts engage the human realities of sexual diversity and Christian life From rethinking scripture to developing theologies of sex from eschatological views of eros to reevaluations of the Orthodox responses to science this book offers new thinking on pressing present day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity

Research and Design Innovations for Mobile User Experience R?zvano?lu, Kerem, 2013-08-31 Mobile devices allow users to remain connected with each other anytime and anywhere but flaws and limitations in the design of mobile interfaces have often constituted frustrating obstacles to usability Research and Design Innovations for Mobile User Experience offers innovative design solutions for mobile human computer interfaces addressing both challenges and opportunities in the field to pragmatically improve the accessibility of mobile technologies Through cutting edge empirical studies and investigative cases this reference book will enable designers developers managers and experts of mobile computer interfaces with the most up to date tools and techniques for providing their users with an outstanding mobile experience

Contemporary Perspectives on Relational Wellness Floriana Irtelli, 2018-07-13 This book proposes new perspectives on relational wellness and the contemporary family combining a psychoanalytic overview with scientific research about the burgeoning popularity of divorce the increase in stepfamilies and the use of social networks as well as other technologies In this day and age psychoanalysis has become increasingly interested in hyper modern scenarios for example social networks and apps provide matching algorithms which allow users

to connect with people of similar interests These networks have become one of the places where dissatisfied partners seek more satisfactory situations In the United Kingdom cohabitation lasts for up to two years on average and 40% of marriages end in divorce In the United States the percentage rises it has now reached 50% Today the value of temporariness in which everything is fragmented is exalted On the other hand is it wrong to deny the natural ebb and flow of human feeling

Utopia: Social Theory and the Future Keith Tester, Michael Hviid Jacobsen, 2016-02-17 In the light of globalization's failure to provide the universal panacea expected by some of its more enthusiastic proponents and the current status of neo liberalism in Europe a search has begun for alternative visions of the future alternatives to the free market and to rampant capitalism Indeed although these alternatives may not be conceived of in terms of being a perfect order there does appear to be a trend towards utopian thinking as people including scholars and intellectuals search for inspiration and visions of better futures If as this search continues it transpires that politics has little to offer then what might social theory have to contribute to the imagination of these futures Does social theory matter at all What resources can it offer this project of rethinking the future Without being tied to any single political platform *Utopia Social Theory and the Future* explores some of these questions offering a timely and sustained attempt to make social theory relevant through explorations of its resources and possibilities for utopian imaginations It is often claimed that utopian thought has no legitimate place whatsoever in sociological thinking yet utopianism has remained part and parcel of social theory for centuries As such in addition to considering the role of social theory in the imagination of alternative futures this volume reflects on how social theory may assist us in understanding and appreciating utopia or utopianism as a special topic of interest a special subject matter a special analytical focus or a special normative dimension of sociological thinking Bringing together the latest work from a leading team of social theorists this volume will be of interest to sociologists social and political theorists anthropologists and philosophers

Mobility, Modernity and the Slum Rodanthi Tzanelli, 2015-08-20 Only virtuous humans are supposed to move in time to meet their happy destiny or karma The tale of Jamal in *Slumdog Millionaire* is such a case of serendipitous mobility towards riches and love a journey in which good heroes and urban communities respecting solidarity are successfully modernised Unsurprisingly the film became tangled in many controversies around India's destiny in the world the film inserted Mumbai into various financial political and artistic scenes increased tourism in its filmed slums and brought about charity projects in which celebrities and tourist businesses were involved *Slumdog Millionaire* served as a global example of a developing country's uneven but unique modernisation This book examines such mobilities of ideas art tourism and activism together In doing so it reveals the significance of Mumbai as a post colonial city in discussions of modernity a form of mobile adaptation to new world realities Tzanelli examines the various agents involved in controversies through multiple virtual and real journeys to India's colonial history and present social complexity with a view to actualise a post colonial future a destiny as the country's serendipitous destination Addressed to interdisciplinary audiences the book will be

a useful text for students and scholars of globalisation mobility tourism media and social movement theory
