Common Core Standards	I can apply properties of operations as strategies to add and subtract rational numbers. (1.1) I can apply properties of operations as strategies to add, subtract, factor, and expand linear expressions with rational coefficients. (2) I can understand that multiplying an expression in different forms can show that the product is the same. (1.1)	I can add and subtract rational numbers and represent the operations on a horizontal or vertical number line diagram. (1) I can describe absolute value as a number's distance away from zero. (1.1) I can multiply and divide rational numbers. (1.1) I can solve real-world problems involving the four operations with rational numbers. (1.1) I can use variables to represent quantities in a problem and construct equations and inequalities to solve the problem. (2) I can apply properties of operations as strategies to add and subtract rational numbers. (2) I can understand that multiplying is associated three fractions to rational numbers. (2) I can understand that integers can be divided. (1.1) I can apply properties of operations as strategies to multiply and divide rational numbers. (1.1)	I can compare and ratio associated with ratios of fractions. (1) I can recognize and represent proportional relationships between quantities. (1.1) I can represent proportional relationships by equations. (1.1) I can explain what a point on the graph of a proportional relationship means in terms of the situation. (1.1) I can solve problems involving scale drawings of geometric figures. (1.1)	I can use proportional relationships to solve multistep ratio and percent problems. (1.1) I can understand that statistics can be used to gain information about a population by examining a sample of the population. (1.1) I can use data that is random sample to draw inferences about a population with an unknown characteristic of interest. (2) I can informally assess the degree of visual overlap of two numerical data distributions with similar variabilities. (1.1) I can use measures of center and variability to draw informal comparative inferences about two populations. (2) I can understand that statistics are represented in different forms only that they are in problems and how the statistics are related. (1.1) I can solve multi-step problems posed with positive and negative rational numbers in any form. (1.1) I can apply properties of operations as strategies to add, subtract, factor, and expand linear expressions with rational coefficients. (1.1) I can use statistics to represent quantities in a problem and construct equations and inequalities to solve the problem. (2) I can solve word problems leading to equations. (2)	I can draw geometric shapes with given conditions. (1.1) I can describe the three-dimensional figures that result from slicing three-dimensional figures. (1.1) I can explain the formula for the area and circumference of a circle and use them to solve problems. (1.1) I can use facts about supplementary, complementary, adjacent, and vertical angles to solve problems. (1.1) I can solve real-world problems that involve area, volume, and surface area of two-dimensional objects. (1.1)	I can understand that the probability of an event is a number between 0 and 1. (1) I can approximate the probability of a probability distribution of events that probabilities of events are using organized lists, tables, simulations. (1.1) I can understand the probability model in the fractions of outcomes for which the events occur. (1) I can represent sample spaces. (1.1) I can design and run a state experiment that compares.
