Walker,2001-06-14 Afrocentrism has been a controversial but popular movement in schools and universities across America as well as in black communities But in We Can t Go Home Again historian Clarence E Walker puts Afrocentrism to the acid test in a thoughtful passionate and often blisteringly funny analysis that melts away the pretensions of this therapeutic mythology As expounded by Molefi Kete Asante Yosef Ben Jochannan and others Afrocentrism encourages black Americans to discard their recent history with its inescapable white presence and to embrace instead an empowering vision of their African specifically Egyptian ancestors as the source of western civilization Walker marshals a phalanx of serious scholarship to rout these ideas He shows for instance that ancient Egyptian society was not black but a melange of ethnic groups and questions whether in any case the pharaonic regime offers a model for blacks today asking if everybody was a King who built the pyramids But for Walker Afrocentrism is more than simply bad history it substitutes a feel good myth of the past for an attempt to grapple with the problems that still confront blacks in a racist society The modern American black identity is the product of centuries of real history as Africans and their descendants created new hybrid cultures mixing many African ethnic influences with native and European elements Afrocentrism replaces this complex history with a dubious claim to distant glory Afrocentrism offers not an empowering understanding of black Americans past Walker concludes but a pastiche of alien traditions held together by simplistic fantasies More to the point this specious history denies to black Americans the dignity and power that springs from an honest understanding of their real history **Crime Classics** Various,1991-11-01

With its high stakes and uncertain outcome the mystery tale is the most popular form of fiction in the United States Crime Classics presents spellbinding works by such masters as Edgar Allen Poe Arthur Conan Doyle Dashiell Hammett Dorothy Sayers and Agatha Christie as well as delightful gems from less familiar writers like Cornell Woolrich and intriguing tales by authors not usually associated with mystery writing Flannery O Connor Jorge Luis Borges and William Faulkner Burns and Sullivan introduce the anthology by tracing the history of the genre and providing a biography of each author Mystery stories demand superb craftsmanship and attention to detail these enticing pieces combine fine writing inventive plots and challenges that readers will find irresistible Crime Classics lives up to its name collecting outstanding stories as entertaining as they are worthy of literary note Los Angeles Reader **Soupy Leaves Home (Second Edition)** Cecil
