Homeschooling on a Budget Jessica Marie Baumgartner, 2022-06-28 In *Homeschooling on a Budget*, veteran homeschooling mother Jessica Marie Baumgartner dismantles the myth that quality education requires thousands of dollars in specialized materials and programs. Drawing from her decade of experience teaching four children on a modest family income, she delivers a practical, no-nonsense guide that proves excellent homeschooling is achievable for families of all economic backgrounds. Baumgartner walks readers through every aspect of affordable homeschooling, from utilizing free community resources like libraries and museums to finding low-cost curriculum materials and enrichment activities. The book addresses common concerns about socialization, graduation requirements, and preparing students for higher education or careers. With refreshing honesty and pragmatism, Baumgartner shares her family's journey through various educational approaches, teaching readers to identify what truly matters in education versus expensive trappings that add little value. She provides concrete examples of how to stretch each dollar while providing rich, customized learning experiences that cater to each child's unique needs and interests. More Fun Activities for Playful Learning Helena Joubert, 2012-10-12 This book is a companion to my

first book *Fun Activities for Playful Learning The First 3 Years* It is structured in a similar fashion but intended for the little older pre school child The aim is to stimulate youngsters through age appropriate fun activities I chose to use the feminine form when referring to children for the sake of uniformity throughout the book and my son is outnumbered in this matter Some of the information from my first book is included in this book as I do not want new readers to miss out on it Moms roll up your sleeves and join in the fun Since children feel secure when following a routine it is wise to establish some sort of structure for your daily activities The daily program supplied merely serves as an example tailor it to your specific needs or circumstances A good guideline for a stay at home mom is to start out using the schedule for 2 or 3 days a week and work it up to 5 days a week

Seeing Ourselves in Nature Jessica Fong,2025-08-19 Discover the profound and joyous stories of Black and Brown nature educators In *Seeing Ourselves in Nature* author Jessica Fong asks how educators in the United States who are Black Indigenous or other people of color can create space for predominantly BIPOC children and families to reconnect to nature Recognizing the scarcity of stories from people of color in the predominately white literature surrounding nature education in the United States Fong sought out thirteen other BIPOC educators to share their rich and profound experiences

with young children in nature Sharing these stories is a first step in the long road to making nature education equitable for all children In section one educators work toward liberation and justice by actively pushing against the pushdown of academics on children of color In section two community and cultural connections based in nature come to the forefront as educators share the importance of seeing Black and Brown faces in natural spaces both in real life and in the images found in books In section three prose and poetry stories from Black women become radical by virtue of their simplicity as they connect the students and families they serve by centering their experiences with nature In section four children harness their powerful curiosity and intrinsic motivation when interacting with nature
