10 LED Projects for Geeks John Baichtal, 2018-07-03. *10 LED Projects for Geeks* is a collection of interactive and customizable projects that all have the humble LED in common but don't write them off as basic. You'll learn how to make challenging and imaginative gadgets like a magic wand that controls lights using hand gestures, a pen sized controller for music synthesizers, a light strip that dances to the beat of music, and even an LED sash that flashes scrolling text you send from your phone. Every project includes photos, step by step directions, colorful circuit diagrams, and the complete code to bring the project to life. As you work your way through the book, you'll pick up adaptable skills that will take your making abilities to the next level. You'll learn how to Design versatile circuits for your own needs. Build and print a custom printed circuit board. Create flexible circuits which you can use to make any wearable you dream up. Turn analog signal into digital data your microcontroller can read. Use gesture recognition and wireless interaction for your own Internet of Things projects. Experiment with copper tape and create circuits with paper and foil. Build smart gadgets that make decisions with sensors. If you want to experiment with LEDs and circuits, learn some new skills and make cool things along the way. *10 LED Projects for Geeks* is your first step.

Baseball Hacks Joseph Adler, 2006-01-31. *Baseball Hacks* isn't your typical baseball book; it's a book about how to watch, research, and understand baseball. It's an instruction manual for the free baseball databases. It's a cookbook for baseball research. Every part of this book is designed to teach baseball fans how to do something. In short, it's a how to book, one that will increase your enjoyment and knowledge of the game. So much of the way baseball is played today hinges upon interpreting statistical data. Players are acquired based on their performance in

statistical categories that ownership deems most important Managers make in game decisions based not on instincts but on probability how a particular batter might fare against left handed pitching for instance The goal of this unique book is to show fans all the baseball related stuff that they can do for free or close to free Just as open source projects have made great software freely available collaborative projects such as Retrosheet and Baseball DataBank have made great data freely available You can use these data sources to research your favorite players win your fantasy league or appreciate the game of baseball even more than you do now Baseball Hacks shows how easy it is to get data process it and use it to truly understand baseball The book lists a number of sources for current and historical baseball data and explains how to load it into a database for analysis It then introduces several powerful statistical tools for understanding data and forecasting results For the uninitiated baseball fan author Joseph Adler walks readers through the core statistical categories for hitters batting average on base percentage etc pitchers earned run average strikeout to walk ratio etc and fielders putouts errors etc He then extrapolates upon these numbers to examine more advanced data groups like career averages team stats season by season comparisons and more Whether you re a mathematician scientist or season ticket holder to your favorite team Baseball Hacks is sure to have something for you Advance praise for Baseball Hacks Baseball Hacks is the best book ever written for understanding and practicing baseball analytics A must read for baseball professionals and enthusiasts alike Ari Kaplan database consultant to the Montreal Expos San Diego Padres and Baltimore Orioles The game was born in the 19th century but the passion for its analysis continues to grow into the 21st In Baseball Hacks Joe Adler not only demonstrates that the latest data mining technologies have useful application to the study of baseball statistics he also teaches the reader how to do the analysis himself arming the dedicated baseball fan with tools to take his understanding of the game to a higher level Mark E Johnson Ph D Founder SportMetrika Inc and Baseball Analyst for the 2004 St Louis Cardinals Podcasting Hacks Jack D.
