contribute to the war effort makes the assignment even better She arrives in Dayton Ohio to learn the engineers and military professionals don't take her seriously at all Why is it so hard to believe that she's more than a pretty face Mark Miller believes the WAVES are an unneeded distraction the top secret project he's assigned to is critical to the war and he and his team must focus on cracking the enigma code Nothing they try works until a beautiful ensign offers solutions that help the engineers succeed in their mission He's not sure what to think about her but has to admit that she's brilliant enough to see the problem from a fresh perspective He's never met anyone like her and wants to know more When the actions of a spy put both Mark and Evelyn under suspicion their loyalties to the country and each other are tested Will their blossoming relationship survive or be another casualty of war Click send a free sample and start reading now Other books in this series Canteen Dreams Sandhill Dreams Captive Dreams A Promise Forged A Promise Kept *The Victorian Homefront* Louise L.
