International Counter Terrorism Axel Hunsicker,2006 Understanding of Operational Counter Terrorism is one serious
 effort to lay out a comprehensive strategy of how to deal with a whole gamut of possible terrorist incidents by using a
 language that any person or first responders like policemen security personnel firemen paramedics etc can understand This
 guide covers everything from bombings and hostage taking to NBC Nuclear Biological and Chemical Terrorism what needs to
 be done before during and after an event This manual combines what minimally needs to be understood about Operational
 Counter Terrorism by the government level policy maker while at the same time helping the personnel on the first responder
 level who are planning to cope with what must at least initially seem like an overwhelming attack Terrorism is global and any
 part of this guide can easily be adapted and translated to any region law and government in the world This manual should
 make clear that the only way to effectively deal with terrorism is to have a thorough understanding of its present day
 characteristics such as who is involved and what weapons and tactics are the terrorists likely to be using The players on the
 Counter Terrorism team need to take stock of what is in their tool boxes what works and what is required what new
 capabilities need to be developed in order to face not only today s terrorist but also tomorrow s as well Dry Kiln
