Andy Saunders,2020-11-26 The Battle of Britain was a fight for survival against a seemingly unstoppable foe With the German army poised to invade only the fighters of the Royal Air Force stood between Hitler and the conquest of Britain Losses were high on both sides but the Spitfires Hurricanes Havocs and Defiants of the RAF began to take their toll on the overextended under protected Kampfgruppen of Heinkel He 111s Junkers Ju 87s and 88s and Dornier Do 17s Both sides learned and adapted as the campaign went on As the advantage began to shift from the Luftwaffe to the RAF the Germans were forced to switch from round the clock bombing to only launching night raids often hitting civilian targets in the dreaded Blitz This beautifully illustrated study dissects the tactics and technology of the duels in this new kind of war bringing the reader into the cockpits of the RAF fighters and Luftwaffe bombers to show precisely where the Battle of Britain was won and lost **Dowding's Despatch**

Andy Saunders,2021-10-22 In September 1946 the London Gazette published a despatch from Air Chief Marshal Sir Hugh C T Dowding that was titled simply The Battle of Britain Written and submitted to the Air Ministry in 1941 this document became the very framework for the accepted Battle of Britain narrative which has been established across the following eighty years Set out by the leader of the Few himself its authoritative tone could surely be considered a definitive outline of the battle how it was fought and the eventual outcome It even retrospectively set the dates for the commencement and conclusion of the campaign In this work Andy Saunders takes a critical look at Dowding s despatch and analyses the facts and details contained in that important document He also puts flesh on the bones of the matters that the former commander in chief of RAF Fighter Command outlines adding intriguing historical detail and perspective to the 1946 publication Additionally Andy looks at the behind the scenes machinations at the highest levels of government and Air Ministry before the despatch finally saw the light of day As a historical document Dowding s London Gazette despatch is worthy of the critical analysis and factual expansion which the author provides in what is a uniquely different look at the Battle of Britain with illustrations throughout *Notes pour les Pilotes de HURRICANE I et SEA*

La RAF entretient toujours deux Hurricane en état de vol au sein du Battle Of Britain Memorial Flight. Les Notes d'intention des Pilotes de la Royal Air Force. Juste avant la Seconde Guerre mondiale la RAF fait face à une véritable révolution: les escadrilles reçoivent les premiers monoplans cockpit fermé avec train escamotable, volets hypersustentateurs, hélices pas variable, système de carburant complexe puis avec des tourelles hydrauliques de l'essence avec un indice d'octane 100 et des instruments de plus en plus sophistiqués. Face à l'accumulation des accidents, les premiers manuels pour les pilotes. Pilot's Notes sont imprimés à la fin des années 1930. Le concept est tellement bon que le format ne changera pas beaucoup pendant des décennies. Si un très petit nombre de ces manuels a été traduit par les Forces Aériennes Françaises Libres, la plupart n'ont jamais été publiés en français. Le présent fascicule fait partie d'une série: *Flypast*, 2008; *Whitaker's Cumulative Book List*, 1976; *Books in Print*, 1991.
