interpretations *Europeanization and Statebuilding as Everyday Practices* Vjosa Musliu, 2021-05-17 This book provides a critical understanding of Europeanization and statebuilding in the Western Balkans using the notion of everyday practices This volume argues that it is everyday and mundane events that provide the entry points to showcase a broader set of practices of Europeanization in countries outside the EU It does this by tracing notions of Europeanization in the everyday statebuilding of Kosovo Europe Day celebrations in Bosnia and Herzegovina urban politics in Tirana and space and place making in Skopje In doing so the book shows that everyday events tell us that as much as it is about changing structures institutions and economic models Europeanization is also about changing behaviours and ideas in populations at large At the same time the work shows that countries outside the EU use everyday events to perform their belonging to Europe This book will be of much interest to students of European Studies Balkan politics statebuilding and International Relations generally

The Reprint Bulletin ,1969 The Rise and Fall of Communist Yugoslavia Tomaž Ivešić, 2024-03-05 The Rise and Fall of Communist Yugoslavia Soft Nation Building in Yugoslavia examines how the Communist Party of Yugoslavia incorporated the idea of a Yugoslav nation into its ideology and created the Yugoslav Soft Nation Building project after the Second World War With an innovative approach of researching three levels of research from above from below and from the viewpoint of interethnic relations the book brings forward an original concept of soft nation building with a focus on the Slovenian Yugoslav dimension Drawing on archival sources from Ljubljana Zagreb Sarajevo and Belgrade the author argues that after the abandonment of the Yugoslav national idea two Yugoslavisms were created in the mid 1960s State based socialist Yugoslavism was propagated by the Party and had no ethnic connotations only a small proportion of the population identified themselves as Yugoslav in national terms The created vacuum was filled by old national identities The book is of interest to specialists and advanced students of cultural and intellectual history studies of nationalism but also history of science and institutions and the history of everyday life The book aims to appeal to scholars of Balkan South East European and Yugoslav history *Review of International Affairs* ,1959 **Finir la Grande guerre dans les Balkans : 1918-1923** Војислав Г.
