Theology of the New Testament Udo Schnelle, 2009-11 For a few decades jet packs seemed to be everywhere on Gilligan's Island Lost in Space Thunderball and even the opening ceremony of the 1984 Olympics Inventors promised we'd all be flying with them now enabling us to zoom around effortlessly in the sky and getting us to work without traffic jams and trains What happened to the jet pack In *The Great American Jet Pack* Steve Lehto gives us the definitive history of this and related devices explaining how the technology arose how it works and why we don't have them in our garages today These individual lift devices as they were blandly labeled by the government men who financed much of their development answered man's desire to simply step outside and take flight No runways no wings no pilot's license were required Soaring through the air with the wind in your face and landing anywhere there was room to stand could this be done Yes it could be and it was But the jet pack was perhaps the most overpromised technology of all time From the rocket belt to the jet belt to the flying platform and all the way to Yves Rossy's 21st century free flights using a jet powered wing this book profiles the inventors and pilots the hucksters and cheats the businessmen and soldiers who were involved with these machines And it finally tells a great American story of a technology whose promise may one day yet come to

fruition *Jesus Our Redeemer* Gerald O'Collins, 2007-01-11 *Jesus Our Redeemer* examines what it means when Christians call Jesus their Redeemer or Saviour. It tackles such questions as: How can redemptive events in the past Christ's life, death and resurrection bring about saving effects in the present? Why do human beings need redemption both individually and collectively? What images of God are implied by the saving action of God and by human needs? Gerald O'Collins SJ draws on the scriptures, Christian hymns and texts for worship, literature, the visual arts and other sources. He examines four major models of how redemption through Christ has been thought to work: theories of deliverance, penal substitution, sacrifice and transforming love. He concludes by considering the outworking of salvation in the life of the Church, the situation of non-Christians and the final consummation of human life and the created world at the end of time. *Messenger of the Sacred Heart of Jesus*, 1896 **A Pictionary of Lent** Kathleen Glavich, 2005 Introduces children to Lent, the Easter Triduum and Easter in a fun, alphabetical format. Introduction for parents and teachers. *Celebrating the Lectionary® for Primary Grades 2018-2019* Lisa Mersereau, *Celebrating the Lectionary for Primary Grades* provides 15 minute Lectionary based catechetical sessions for every Sunday and Holy Day of Obligation. It includes reproducible send home pages for each Sunday and Holy Day of Obligation that families can use to live the message of the Lectionary and celebrate the seasons of the liturgical year. *The Oxford Handbook of Apocalyptic Literature* John J. Collins, 2014-03-17 Apocalypticism arose in ancient Judaism in the last centuries BCE and played a crucial role in the rise of Christianity. It is not only of historical interest; there has been a growing awareness, especially since the 2001 terrorist attacks on the United States, of the prevalence of apocalyptic beliefs in the contemporary world. To understand these beliefs, it is necessary to appreciate their complex roots in the ancient world and the multi-faceted character of the phenomenon of apocalypticism. *The Oxford Handbook of Apocalyptic Literature* is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions. Most of the volume is devoted to the apocalyptic literature of antiquity. Essays explore the relationship between apocalypticism and prophecy, wisdom and mysticism; the social function of apocalypticism and its role as resistance literature; apocalyptic rhetoric from both historical and postmodern perspectives; and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology's role in ancient Judaism, early Christianity and Gnosticism. The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world, reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture, addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma, which speaks to the underlying causes of the popularity of apocalyptic beliefs. This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society. **The Congregationalist and Christian World**, 1904 **The Church in the Modern Age** Gabriel Adriányi, 1981 **Easter Fire** Richard J. Sklba, Joseph Juknialis, 2016-02-22 Widely embraced by homilists and those interested in reflecting more deeply on the daily Lectionary.

readings Bishop Richard Sklba's *Fire Starters Igniting the Holy in the Weekday Homily* has served as a practical resource for preparing engaging weekday homilies for Ordinary Time. After much anticipation, Bishop Sklba and coauthor Fr Joseph Juknialis now offer *Easter Fire*, a welcome companion to support anyone called to preach at Easter weekday Masses. *Easter Fire* provides the biblical citations and summary phrases for the reading and the gospel plus the refrain from the psalm each day. After each citation, the authors offer a series of meaningful insights based on Scripture scholarship, their own prayerful reflection on the texts, and years of preaching and pastoral experience. These brief bullet point entries provide nuggets of knowledge and inspiration that will stimulate personal prayer and spark homily possibilities for the preacher every day. *Easter Fire* will ignite sparks that can be enflamed by God's Spirit to not only enrich the spiritual journey but to add light and warmth for the preparation of weekday homilies during the Easter season.

T&T Clark Handbook of Christology Darren Sumner, Chris Tilling, 2025-06-26. This comprehensive work collects more than 30 essays from leading biblical scholars and systematic theologians to explore the person and work of Jesus Christ in a generously interdisciplinary manner. From research foundations and method to the doctrine of the incarnation, from the Trinity to the resurrection and from Christ's temptations to his high priestly prayer, these essays seek to engage constructively with Scripture, the history of Christian teaching, and modern proposals and debates. Together, this international group of scholars engages such topics as Christ's preexistence, his constitution as the God-human, his temptations, and will the hypostatic union, the prayer of John 17, the struggle in Gethsemane, kenosis, the two states, and the threefold office. Spirit Christology, impassibility, and the cross, resurrection, and the diversity of the New Testament witnesses to him. This is an indispensable volume for the study of Jesus Christ in the subject's biblical, historical, and doctrinal contours.
