Masters Of Wisdom The Mahatmas Their Letters And The Path:

Masters of Wisdom Edward Abdill, 2015-05-19 A rigorous historical and philosophical examination of the controversial spiritual Masters who guided Madame H P Blavatsky in opening the world to Eastern and esoteric spirituality in the late nineteenth century In the late nineteenth century Russian noblewoman and occult philosopher Madame H P Blavatsky enthralled the world with revelations of an ancient secret doctrine behind the major faiths and a cosmic theology that united the insights of religion and science Blavatsky said she was operating under the guidance of hidden Masters of wisdom or mahatmas who led her to reveal forgotten wisdom to modern people The mythos of Blavatsky s Masters left a deep mark on Western culture and spawned more than a century of debate Were the Masters real What did they teach Are they reachable today Now independent scholar of religion Edward Abdill provides an authoritative historically reliable and delightfully readable study of the background and ideas of the Masters in particular highlighting their message and its enduring relevance

Theosophy across Boundaries Hans Martin Krämer, Julian Strube, 2020-11-01 Theosophy across Boundaries brings a global history approach to the study of esotericism highlighting the important role of Theosophy in the general histories of religion science philosophy art and politics The first half of the book consists of seven perspectives on the activities of the Theosophical Society in very different regional contexts ranging from India Vietnam China and Japan to Victorian Britain and Israel shedding new light on the entanglement of Western and Oriental ideas around 1900 The second half explores specific cultural influences that Theosophy exerted in the spheres of literature art and politics using case studies from Sri Lanka Burma India Japan Ireland Germany and Russia The examples clearly show that Theosophy was part of a truly global movement thus providing an outstanding example of the complex entanglements of the global religious history of the nineteenth and early twentieth centuries

The Mahatma Letters to A. P. Sinnett from the Mahatmas M. & K. H. Alfred Percy Sinnett, 1924

The Higher Spiritual Path William Wilson Quinn, 2023-12-08 Predicated on the immemorial core or first principles of the universal perennial philosophy which finds expression from Lao Tzu to Ramana Maharshi in the East and from Pythagoras to Ren Gu non and Ananda K Coomaraswamy in the West The Higher Spiritual Path details how those on the higher spiritual path must address and master its requirements This book is as practical as it is philosophical or theosophical since it is based on the specifics of sacred science or spiritual science an inextricable component of the perennial philosophy Many of the requirements of the higher spiritual path are based on the truths of this ancient spiritual science formulated over millennia by jivanmukti or liberated beings who serve as the teachers

of those currently engaged in treading this hieratic path The goals of ascending this path are the loftiest the hierarchical order of its spiritual teachers is the holiest and the totality of its evolutionary and compassionate purpose is the most sacred

Die orientalische Wende der Theosophischen Gesellschaft Ulrich Harlass, 2021-07-19 Die 1875 gegründete Theosophische Gesellschaft gilt als eine der wichtigsten esoterischen Vereinigungen um die Wende zum 20. Jahrhundert und als Prototyp der modernen westlichen Esoterik Viele Elemente ihrer Lehre sind bis heute populär vom wissenschaftlich rationalen Buddhismus über Yoga bis zur Reinkarnation Harlass untersucht die als orientalische Wende bezeichnete Vervollendung theosophischer Philosophie und legt eine detaillierte Studie über ihre Entstehung vor Er zeigt, dass die Theosophen zahlreiche Überlegungen im Laufe dieser Streitigkeiten aufnahmen, veränderten und schließlich zu einer esoterischen Lehre der okkulten Wissenschaft ausformulierten Ein gängiges Narrativ von der Kontinuität westlicher Esoterik Strömungen seit der Antike muss in diesem Zuge ebenso infrage gestellt werden, wie die orientalische Wende und der damit einhergehenden Unterscheidung von Ost und West Auf der Basis postkolonialer Ansätze wird gezeigt, dass die theosophischen Lehren ein Ergebnis zeitgenössischer Aushandlungen und harter Streitigkeiten sind Und sie werden erst vor dem Hintergrund einer sich globalisierenden Welt kolonialer Machtbeziehungen und der Annahme einer weltweiten Geschichte der Religionen verständlich

Madame Blavatsky Marion Meade, 2014-04-01 The life and times of Helena Blavatsky the controversial religious guru who cofounded the Theosophical Society and kick started the New Age movement Recklessly brilliant Helena Petrovna Blavatsky scandalized her 19th century world with a controversial new religion that tried to synthesize Eastern and Western philosophies If her contemporaries saw her as a freak, a charlatan and a snake oil salesman, she viewed herself as a special person born for great things She firmly believed that it was her destiny to enlighten the world Rebelliously breaking conventions, she was the antithesis of a pious religious leader She cursed, smoked, overate and needed to airbrush out certain inconvenient facts like husbands, lovers and a child Marion Meade digs deep into Madame Blavatsky's life from her birth in Russia among the aristocracy to a penniless exile in Europe across the Atlantic to New York where she became the first Russian woman naturalized as an American citizen and finally moving on to India where she established the international headquarters of the Theosophical Society in 1882 As she chased from continent to continent, she left in her aftermath a trail of enthralled followers and the ideas of Theosophy that endure to this day While dismissed as a female messiah, her efforts laid the groundwork for the New Age movement which sought to reconcile Eastern traditions with Western occultism Her teachings entered the mainstream by creating new respect for the cultures and religions of the East for Buddhism and Hinduism and interest in meditation, yoga, gurus and reincarnation Madame Blavatsky was one of a kind Here is her richly bizarre story told with compassion, insight and an attempt to plumb the truth behind those astonishing accomplishments

The Theosophist, 1926 *Yearning for the New Age* Diane Sasson, 2018-11-01 This biography of an unconventional woman in late 19th Century America is a study of the search for individual autonomy and spiritual growth

Laura Holloway Langford a rebel girl from Tennessee moved to New York City where she supported her family as a journalist. She soon became famous as the author of *Ladies of the White House* which secured her financial independence. Promoted to associate editor of the Brooklyn Daily Eagle she gave readings and lectures and became involved in progressive women's causes, the temperance movement and theosophy even traveling to Europe to meet Madame Blavatsky, the movement's leader and writing for the theosophist newspaper *The Word*. In the early 1870s she began a correspondence with Eldress Anna White of the Mount Lebanon New York Shaker community with whom she shared belief in pacifism, feminism, vegetarianism and cremation. Attracted by the simplicity of Shaker life she eventually bought a farm from the Canaan Shakers where she lived and continued to write until her death in 1930. In tracing the life of this spiritual seeker Diane Sasson underscores the significant role played by cultural mediators like Holloway Langford in bringing new religious ideas to the American public and contributing to a growing interest in eastern religions and alternative approaches to health and spirituality that would alter the cultural landscape of the nation. A richly detailed biography that will deepen historical understandings of New Age movements in America. *American Studies* *Letters from the Masters of the Wisdom*, 1925 **Reflections on an Ageless Wisdom** Joy Mills, 2014-07-01. Modern Theosophy expresses the ancient wisdom tradition found in all religions. When H P Blavatsky, founder of the Theosophical Society in 1875, told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas, Sinnett asked to communicate with them himself. The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya. Recorded in *The Mahatma Letters to A P Sinnett*, the answers of these Teachers form an essential part of Theosophical literature. At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness. Here is the most comprehensive magisterial discussion of *The Mahatma Letters* since they were first published in 1924. Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin's 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded. Mills quotes Sinnett in emphasizing that the Mahatmas' purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress. Her focus then is on not only knowledge of the magnificent Occult Science but more significantly the ethical and moral values we must embrace to be of service to the world. She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights. May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go. **The Quest**, 2008 *Constructing Tradition* Andreas Kilcher, 2010-10-05. This volume of conference proceedings investigates the various ways and patterns with which esoteric writings and groups establish their own tradition. This involves concepts of origin and memory, ways of legitimising esoteric tradition as well as techniques and practices of knowledge transmission in esotericism. *Imagining the East* Erik Reenberg

Sand, Tim Rudbøg, 2020 The essays in *Imagining the East* explore how Theosophists during the formative period imagined the religions and cultures of the East. The authors examine the relationship of such representations to orientalism, the history of ideas, politics, and culture at large, and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth-century mainstream intellectual culture. The essays also look at how the early Theosophical Society's representations of the East differed from mainstream orientalism and how the Theosophical Society's mission in India was distinct from that of British colonialism and Christian missionaries.
