Math In Fables And Myths Solving Word Problems With Readers Theatre:

Math in Fables and Myths Nancy Polette, Joan Ebbesmeyer, 2004-08 **Making Math Accessible for the At-Risk Student** Linda Lee Ptacek, 2011-01-14 This invaluable collection of activities and strategies will empower teachers to help students who are struggling with math Every day secondary math teachers face classrooms containing students with a wide range of abilities yet each child is expected to meet the same testing standards Special education teachers are often asked to collaborate in classrooms outside of their curricular areas providing accommodations and modifications Both math teachers and special education instructors can benefit from effective alternative presentation strategies specifically designed for students struggling with math Making Math Accessible for the At Risk Student comprises organizational instructional and motivational activities that are adaptable across grade levels This cornucopia of best practice strategies and resources is designed to help at risk students achieve standards in math The first six chapters discuss the most common reasons adolescent and preadolescent students struggle with math and present techniques to keep these students engaged in the classroom The remainder of the book is a treasure trove of activities that utilize the instructional strategies with specific content to help all students succeed **Read and Write Sports** Anastasia Suen, 2011-04-12 This book allows students to bring the energy of their everyday lives into the classroom via sports based readers theatre and writing activities Team sports like football baseball basketball hockey and soccer Individual athletic pursuits such as skating gymnastics track BMX and skateboarding These are the activities that hold a powerful and universal appeal for kids Read and Write Sports Readers Theatre and Writing Activities for Grades 3 8 makes students forget they re learning by delivering the action and emotion of their favorite pursuits as they participate in readers theatre activities and writing exercises such as composing an action reaction poem for each sport These activities allow students to draw from their personal experience and bring their extracurricular activities into the classroom by writing a narrative scene for different sports throughout the school year Each chapter provides filled out examples to model the pre writing process making it easy for students to see how others think before they write **Literature-Based Teaching in the Content Areas** Carole Cox, 2011-01-12 Grounded in theory and best practices research this practical text provides teachers with 40 strategies for using fiction and non fiction trade books to teach in five key content areas language arts and reading social studies mathematics science and the arts Each strategy provides everything a teacher needs to get started a classroom example that models the strategy a research based rationale relevant content standards suggested books reader response questions and prompts assessment ideas examples of how to adapt the strategy for different grade levels K 2 3 5 and 6 8 and ideas for differentiating instruction for English language learners and struggling students Throughout the book student work samples and classroom vignettes bring the content to life **Hello Hi-Lo** Jeff Sanders, Nancy I. Sanders, 2010-05-11 Incorporating leveled reading within each script readers theatre plays offer teachers the flexibility to include readers of every ability in the same read aloud play Hello Hi Lo Readers Theatre

Math offers a proven way for teachers to build reading fluency in their classrooms even if students do not all read at the same level The book offers 15 readers theatre plays each of which includes various levels of readability within one script The plays thus provide lower level readers the opportunity to follow along with accelerated reading parts building confidence by reading aloud at their own levels Each play includes speakers for three different grade levels of readability 4th grade and lower 5th 6th grade and 7th 8th grade Concepts are presented so that they are fluid among these grade levels Taking a cross curricular approach the scripts reinforce key math concepts and standards based math skills taught in the middle grades such as order of operations fractions inequalities positive and negative numbers and graphing on a coordinate plane Each play includes extended activities that will help the teacher incorporate the math concept into the classroom

Wings and Tales Jennifer L. Kroll, 2011-02-03 Parents and teachers can use this book to engage children with the world outside by opening their eyes to fascinating common bird species Once upon a time common bird species all had well known stories associated with them Legends and folklore about birds abound in almost every culture It is likely their ability to fly their beauty and grace their distinctive and puzzling calls and the fact that they live all around us is what makes them popular subjects for fables This book presents a sampling of traditional bird tales retold in a fresh way that makes them especially relevant and memorable for today's children Each story is complemented by a Feathered Fact File a Backyard Bird Watching Tip for kids a classroom home school activity suggestion and a story sharing suggestion for parents and teachers The teaching activities are designed with flexibility so that they may be used to either introduce new concepts of science and math or reinforce familiar concepts in a hands on fashion Reading selections are written at third to fourth grade reading levels but are designed to engage both younger listeners and older readers
