Mathematics Problem-solving Challenges For Secondary School Students And Beyond Alan Sultan,David L
Linker,2016-02-25 This book is a rare resource consisting of problems and solutions similar to those seen in mathematics
contests from around the world It is an excellent training resource for high school students who plan to participate in
mathematics contests and a wonderful collection of problems that can be used by teachers who wish to offer their advanced
students some challenging nontraditional problems to work on to build their problem solving skills It is also an excellent
source of problems for the mathematical hobbyist who enjoys solving problems on various levels Problems are organized by
topic and level of difficulty and are cross referenced by type making finding many problems of a similar genre easy An
appendix with the mathematical formulas needed to solve the problems has been included for the reader s convenience We
expect that this book will expand the mathematical knowledge and help sharpen the skills of students in high schools
