Raines,2019-07-26 Conflict Management for Managers is designed to equip managers with the skills and information they need to improve their handling of common disputes Enhanced to facilitate your daily work this updated edition incorporates a greater number of exercises that address conflicts with employees customers business partners and regulators

The Man Who Mistook His Job for His Life Naomi Shragai,2021-08-26 Nobody understands the everyday madness of working life better than Naomi Shragai This book should be read by everyone who ventures anywhere near an office Lucy Kellaway Financial Times A revolutionary approach to understanding the emotional dynamics within our working lives Nobody understands the everyday madness of working life better than Naomi Shragai This book should be read by everyone who ventures anywhere near an office Lucy Kellaway You probably don t realise this but every working day you replay and re enact conflicts dynamics and relationships from your past Whether it s confusing an authority figure with a parent avoiding conflict because of past squabbles with siblings or suffering from imposter syndrome because of the way your family responded to success when it comes to work we are all trapped in our own upbringings and the patterns of behaviour we learned while growing up Many of us spend eighteen formative years or more living with family and building our personality but most of us also spend fifty years or 90 000 hours in the workplace With the pull of the familial so strong we unconsciously re enact our personal past in our professional present even when it holds us back Through intimate stories fascinating insights and provocative questions that

tackle the issues that cause us most problems from imposter syndrome and fear of conflict to perfectionism and anxiety business psychotherapist Naomi Shragai will transform how you think about yourself and your working life Based on thirty years of expertise and practice Shragai will show you that what is holding you back is within your gift to change and the first step is to realise how you like the rest of the people you work with habitually confuse your professional present with your personal past
