INTRODUCTORY NUMBER ONE I would that it were possible so to tell a story that a reader should beforehand know every detail of it up to a certain point or be so circumstanced that he might be supposed to know In telling the little novelettes of our life we commence our narrations with the presumption that these details are borne in mind and though they be all forgotten the stories come out intelligible at last You remember Mary Walker Oh yes you do that pretty girl but such a queer temper And how she was engaged to marry Harry Jones and said she wouldn t at the church door till her father threatened her with bread and water and how they have been living ever since as happy as two turtle doves down in Devonshire till that scoundrel Lieutenant Smith went to Bideford Smith has been found dead at the bottom of a saw pit Nobody s sorry for him She s in a madhouse at Exeter and Jones has disappeared and couldn t have had more than thirty shillings in his pocket This is quite as much as anybody ought to want to know previous to the unravelling of the tragedy of the Jones s But such stories as those I have to tell cannot be written after that fashion We novelists are constantly twitted with being long and to the gentlemen who condescend to review us and who take up our volumes with a view to business rather than pleasure we must be infinite in length and tedium But the story must be made intelligible from the beginning or the real novel readers will not like it The plan of jumping at once into the middle has been often tried and sometimes seductively enough for a chapter or two but the writer still has to hark back and to begin again from the

beginning not always very comfortably after the abnormal brightness of his few opening pages and the reader who is then involved in some ancient family history or long local explanation feels himself to have been defrauded It is as though one were asked to eat boiled mutton after woodcocks caviare or macaroni cheese I hold that it is better to have the boiled mutton first if boiled mutton there must be [Is He Popenjoy](#) Anthony Trollope,2021-08-15 Is he popenjoy From Anthony Trollope **Is He Popenjoy? convincingly argues for the eminence of Trollope's writings as a vehicle for the theoretical explorations of Victorian culture that currently predominate. The essays variously examine imperial and postcolonial themes in the context of economic, cultural, aesthetic and demographic influences; show how gender-sensitive readings expose Trollope's critique of capitalism's influence; address Trollope and sexuality in the context of queer studies; the law; archetypal constructions and classical feminism; and offer new approaches to narrative theory through examination of Victorian understandings of male and female psychology. Regenia Gagnier's concluding chapter revisits the collection's critical strands and reflects on the implications for future studies of Trollope.
