*Outcome-Based Massage*  
Carla-Krystin Andrade, 2013-02-15  
*Outcome Based Massage™ Putting Evidence into Practice* 3rd edition goes beyond an update of the content of the second edition. In this book, Dr. Andrade and a team of contributors who represent the fields of massage therapy, physical therapy, athletic training, education, psychology, medicine, and physiology take the student or practicing clinician to the next level of using Outcome Based Massage™ in daily clinical practice. This edition enhances and builds upon the strengths of the first two editions as follows: Fully updated chapters provide a comprehensive approach to assessment, treatment design, and treatment delivery. Streamlined presentation of theory and practice enhances the teaching and learning experience. Quick Treatment Guides provide a colorful, immediate reference for anatomy, pathophysiology, impairments, and wellness goals for 16 musculoskeletal conditions. New section on the scientific basis of soft tissue examination provides students and practitioners with the very latest understanding of the emerging body of knowledge in this field. Review sections in each chapter provide Takeaways that summarize key concepts, critical thinking questions, and clinical cases that illustrate the practical application of the concepts discussed in the chapter. Precise, instructive photographs and videos give students and practitioners clear, direct guidance for using the techniques presented in this text.

**The Teachings of Huna**  
Max Freedom Long, 2023-12-21  
In *The Teachings of Huna*, Max Freedom Long presents an insightful exploration of the ancient Hawaiian spiritual practice known as Huna. Drawing on his extensive research, Long articulates the principles of Huna, which encompass the interconnection of mind, body, and spirit. The book is notable for its blend of narrative and scholarly analysis, effectively disseminating complex philosophical ideas and practices in an accessible manner. Long frames Huna within the context of both Eastern and Western spiritual traditions, illuminating its universal relevance while maintaining a distinct Hawaiian cultural identity. Max Freedom Long, an esteemed writer and researcher, was profoundly influenced by his time in Hawaii, where he became captivated by the island's spirituality and mythology. His background in anthropology and his keen interest in indigenous practices compelled him to delve into the esoteric teachings of Huna after encountering them during his academic pursuits. Long's insightful interpretations are informed by his life experiences and studies, enabling him to present Huna not just as a belief system but as a transformative way of living. For readers seeking a deeper understanding of spirituality and personal empowerment, *The Teachings of Huna* serves as an invaluable resource.

Long's articulate and engaging prose invites readers to explore their own spiritual journeys through the lens of Huna making it a must read for enthusiasts of metaphysical philosophy and holistic well being *Teaching of Huna* Max Freedom

Long, 2023-12-26 *The Secret Science Behind Miracles* deals with the discovery of an ancient and secret system of workable magic which if we can learn to use it as did the native magicians of Polynesia and North Africa bids fair to change the world. *Self Suggestion and the New Huna Theory of Mesmerism and Hypnosis* is a practical manual of self suggestion using the Huna techniques including detailed instructions as to how the operation works. Huna Hawaiian for secret is the word adopted by the author in 1936 to describe his theory of metaphysics. This information concerning those parts of psychology which we have come to call hypnosis, mesmerism and suggestion is being presented as an addition to the scant literature on the ancient psycho-religious system of the Polynesians called Huna or the Secret. *The Secret Science Behind Miracles* Max Freedom
