The Adult Baby Identity - Healing Childhood Wounds

Dylan Lewis,2019-11-05 It is said that no one gets out of childhood unharmed And for diaper wearers and Adult Babies it is way too true This is one of those truisms that understands that we all carry some scars and drag around some burden that developed in childhood Despite the best efforts of parents family teachers and those around us there are always things we pick up along the way that causes us a measure of trouble or difficulty later on Parents are not perfect and Mary Poppins is not real Life is full of mistakes failings and weakness even in the best of people Fortunately for most of us these childhood grown issues are relatively small and well within our capacity to manage and live with But not everyone is so lucky This new book by Dylan Lewis the third in the series explores the issue of early childhood where our memories do not reach but the effects are still felt today For Adult Babies there is an element of difficulty or trauma that was most likely trivial to everyone else but wounding to ABs Go on a journey of discovery with Dylan Lewis and Healing Childhood Wounds

Reclaiming Your Inner Child Nina Mongendre,2025-06-10 A quest to make peace with

your past release the burdens you carry for your ancestry and embrace the gifts of the present How we treat our inner child reflects on every aspect of our lives It is the foundation of our habits and of our self worth When we deny reject or criticize our own innocence and vulnerability we hinder our capacity for authenticity and connection We are desperate for a semblance of control because we felt powerless as a child and we attempt to protect ourselves by directing arrows of judgment criticism and negativity towards ourselves and others Political hatred discrimination and crime can all be traced to childhood wounding These harmful behaviors along with depression anxiety and self doubt are the inner child s desperate call for help Our younger selves are still trying to get their needs met and it is now our responsibility to meet these needs Nobody else can Until we meet our own needs we blame our parents our partners and the world We are stuck in a triangle of disempowerment in which only three roles are available victim villain and rescuer We cycle through all three of these roles depending on the circumstance In each one of these roles we are looking for self worth outside ourselves and feel resentful and powerless This book teaches us how to step out of this triangle and the layers of story we have been telling ourselves becoming our own guide on an epic inner quest It is an invitation to write a new story to finally meet our needs and take full responsibility for our lives To do this we step outside of linear time and journey back to significant moments of our childhood bringing our adult self along with all of our acquired life experience to offer the support that was needed at the time
