Healing Through Deliverance Vol 1 The Foundation Of Deliverance Ministry:

Healing through Deliverance Peter Horrobin, 2008-07-01 Jesus's ministry included not only preaching and teaching points out British Bible teacher Peter J Horrobin but fully one third of Christ's recorded healings involved deliverance. In this groundbreaking work Horrobin urges believers to exercise the authority of Jesus in this often ignored dimension. Through in-depth Scripture teaching he demonstrates persuasively that the charge Jesus gave his disciples to heal the sick and cast out demons was a vital part of the Great Commission for the whole church for all time. Formerly two volumes *Healing through Deliverance* is now available in a single hardcover edition. It lays out the biblical foundation for the ministry of healing and deliverance. It also shows how people can become affected by demonic powers and offers keys for bringing about healing through deliverance. Readers will find practical guidelines for building and conducting a healing and deliverance ministry through the local church and in ministry and counseling centers. With this complete work believers will be equipped to respond to all of God's call to preach the gospel, heal the sick and cast out demons. *Exorcism and Deliverance Ministry in the Twentieth Century* James M. Collins, 2009-11-10 This study seeks to demonstrate that exorcism deliverance ministry is an innately enthusiastic practice utilizing John Knox's classic study of Christian enthusiasm. The twentieth century provides an ideal arena for such a study since it frames a complete lifecycle for this rite from its infancy during the early decades through its heyday in the 1970s and 80s on to creeping routinisation by the end of the century. Two enthusiastic settings Charismatic and Evangelical Fundamentalist are identified and examined as the environment in which two related streams of exorcism deliverance ministry was practiced. Finally enthusiastic Sacramentalist exorcism is considered in order to establish the thesis that enthusiastic settings provide a conducive atmosphere for the emergence and practice of exorcism deliverance ministry. Attention is paid to historical factors within the Charismatic and Evangelical Fundamentalist streams that underlie the development of this rite. As a result important secondary insights are gained into the tidal nature of enthusiastic movements the role of itinerant preachers in the propagation of enthusiasm the routinisation of enthusiastic practices and the manner in which enthusiasm overcomes institutional denominational boundaries. The study provides the foundation for future investigation of the manner in which enthusiastic experience is presented for apologetic purposes the relationship between exorcism deliverance ministry and millenarianism and the practice of this rite within non-Western churches. The Importance of Inner Healing and Deliverance for Effective Discipleship Johnathan Lee Shoo Chiang, 2019-12-18 Personal encounters with God are vital for the current generation of believers the postmodern millennial generation who affirm truth through experience. Instead of the traditional view of inner healing and deliverance IHD as a hospital unit of the church this dissertation turned book will explain the biblical theological and current relevance of incorporating IHD into the discipleship structure of the local church. With field research based in Singapore and Taiwan a grounded theory based on empirical research attests to a framework that enables believers to personally and powerfully encounter God experience divine healing
