It is NOT simply a colouring book. Victor Frankenstein dabbles with forces he cannot understand when he creates a monster at University in Geneva and brings it to life. Mary Shelley's classic monster story has delighted readers and film fans for many years. This version of the story has been specially adapted for kids from nine to twelve years old. The language and vocabulary are easy and emphasis is on action using past, present and future simple tenses. Punctuation meets UK or USA. ESL, CEFR, IELTS Level B2 in most cases, although there are some 19th Century features of the text which do not comply and have been left intact to preserve the charm of Mary Shelley's text. You should try those books first if you are not familiar with words like the following: truthfulness, occupied, unimaginable, commenced, mechanism.
