HISTORY OF WOMEN'S SUFFRAGE Trilogy - Part 1 (Illustrated) Elizabeth Cady Stanton, Susan B. Anthony, Harriot Stanton Blatch, Matilda Gage, 2017-03-09 This edition covers the history of the suffragist movement from its beginnings to 1885. It was written and edited by Elizabeth Cady Stanton, Susan B. Anthony, and Matilda Joselyn Gage. Anthony had for years saved letters, newspapers, clippings, and similar materials of historical value to the women's suffrage movement. Therefore, in addition to chronicling the movement's activities, this 3-volume set includes reminiscences of movement leaders and analyses of the historical causes of the condition of women. They also contain a variety of primary materials, including letters, newspaper clippings, speeches, court transcripts, and decisions, and conference reports. Volume 3 includes essays by local women's rights activists who provided details about the history of the movement at the state level. Elizabeth Cady Stanton (1815-1902) was an American suffragist, social activist, abolitionist, and leading figure of the early women's rights movement. Susan B. Anthony (1820-1906) was an American suffragist, social reformer, and women's rights activist. Born into a Quaker family, she became the New York state agent for the American Anti-Slavery Society. Anthony was also a close friend and confidante of Elizabeth Stanton. Harriot Stanton Blatch (1856-1940) was a suffragist and daughter of Stanton, who contributed a chapter on the brief history of AWSA (American Woman Suffrage Association). Matilda Gage (1826-1898) was a suffragist, a Native American rights activist, an abolitionist, and a freethinker.

Monteverdi's Last Operas: A Venetian Trilogy Ellen Rosand, 2007-12-03 Claudio Monteverdi (1567-1643) was the first important composer of opera. This innovative study by one of the foremost experts on Monteverdi and seventeenth-century opera examines the composer's celebrated final works: *Il ritorno d'Ulisse* (1640) and *L'incoronazione di Poppea* (1642) from a new perspective. Ellen Rosand considers these works as not merely a pair but constituents of a trio, a Venetian trilogy that Rosand argues properly includes a third opera, *Le nozze d'Enea* (1641). Although its music has not survived, its chronological placement between the other two operas opens new prospects for better understanding all three, both in their specifically Venetian context and as the creations of an old master. A thorough review of manuscript and printed sources of *Ritorno* and *Poppea* in conjunction with those of their erstwhile silent companion offers new possibilities for resolving the questions of authenticity that have swirled around Monteverdi's last operas since their discovery in the late nineteenth century. *Le nozze d'Enea* also helps to explain the striking differences between the other two, casting new light on their contrasting moral ethos: the conflict between a world of emotional propriety and restraint and one of hedonistic abandon.
