

INFANT BAPTISM & THE COVENANT OF GRACE

Paul K. Jewett

"Paul Jewett has accurately seen that covenant theology, to be consistent with its essential emphasis on personal commitment and faith, must not only practice believer communion (which it does) but also believer baptism (which it does not). Dr. Jewett is judicious in his careful survey of history, responsible in sifting biblical evidence, and perceptive in recognizing the contemporary need for theological guidance on this matter."

—John D. W. Watts
Fuller Theological Seminary

"A careful and provocative study of Reformed theology in relationship to one of the most perplexing legacies handed to us by the Reformers. . . . It is based on one of the most careful and comprehensive studies of biblical and theological evidence that I know."

—Robert S. Paul

Infant Baptism And The Covenant Of Grace:

Infant Baptism and the Covenant of Grace Paul King Jewett, 1978 This is a print on demand book and is therefore non returnable Paul Jewett author of the creative and highly provocative book *Man As Male and Female* here turns his critical attention to the practice of infant baptism Jewett does not accept the traditional covenant argument for baptizing infants and this book explains why he believes this argument fails Infant baptism is not a subject which can be isolated For as Jewett would have his readers understand one's view on this issue is integrally related to one's view of the sacraments in general and thereby to the whole doctrine of the church and salvation Thus it is understandable that what appears to be a minor theological question has had such divisive effects on the church A discussion of the historical source of infant baptism begins Jewett's critique and introduces such issues as the distinction between infants and children the silence of certain early church fathers on the subject infant communion and catechetical instruction The second and major portion of this book examines the theological issue focusing specifically on the covenant argument which suggests that baptism replaces circumcision as the sign of the covenant and thereby is given to infants This argument Jewett claims fails to take into account the historical character of revelation and contains certain contradictions Jewett concludes with a creative defense of believer baptism one which is theologically responsible and which recognizes the profound truths of covenant theology

The Biblical Doctrine of Infant Baptism Pierre Charles Marcel, 1953 The authoritative treatment of the doctrine of baptism within the broad context of the theology of justification and grace yet without losing sight of the essential Biblical background

Infant Baptism God's Ordinance Michael Harrison, C. Matthew McMahon, 2016-05-30 Is this just another book on infant baptism No It is possibly the best succinct yet comprehensive work on the subject ever written by a puritan It was originally a longer series of sermons that Harrison preached to his congregation many of whom were Baptist at the time At their request he placed his thoughts into a concise treatise that covers all the main points needful in understanding the biblical position of infant inclusion in the Covenant of Grace and infant baptism Harrison's work is so acute in its biblical presentation of the truth of Scripture that the reader cannot be but left in awe of his masterful exactitude to God's mind on the issue of infant inclusion in the Covenant of Grace and the application of the sign of the covenant to every visible member in the church He gives the reader an introductory lesson on the Covenant of Grace and those parties involved by way of its membership and then proceeds to teach the reader why infants are to be baptized Harrison deals hermeneutically with 9 biblical arguments on the issue two of which are his most important foundational chapters setting the stage for the rest of the book He also shows the danger of shutting infants out of the kingdom of heaven and answers all the main objections to Antipaedobaptist theology on the issue He ends the work with a chapter on the right mode in which baptism should take place along with a chapter on applying the truths of the study to the life of the members of the covenant community Without sounding clichéd this work is among the top works ever written on the subject and in my estimation is irrefutable The

unbiased reader will have no issues with Harrison's biblical exposition and logic driven inference. It is a powerhouse puritan work that every Paedobaptist ought to read for support and every Antipaedobaptist ought to read to untangle their dispensational theology. Harrison says that Antipaedobaptism is to be justly abhorred as false doctrine and proves this to the reader beyond a reasonable doubt. This is not a scan or facsimile; it has been updated in modern English for easy reading and has an active table of contents for electronic versions. *Infant Baptism and the Covenant of Grace* Paul K. Jewett, 1999

Infant Baptism and the Covenant of Grace Paul King Jewett, 1978 *The Biblical Doctrine of Infant Baptism* Pierre Marcel, 2000 *Infant Baptism and the Silence of the New Testament* Bryan Holstrom, 2015-01-24. Since the time of the Reformation, some Christians have argued that the historic church's practice of infant baptism is without proper biblical warrant. The most frequently heard refrain from those in this camp is that because the New Testament contains no explicit command to baptize the infant children of believers, the practice is ultimately based upon an argument from silence. In *Infant Baptism and the Silence of the New Testament*, Bryan Holstrom turns that assertion on its head by demonstrating that far from being an argument against infant baptism, the silence of the New Testament in this regard is actually support for the practice. Moreover, he demonstrates that the New Testament actually has much to say in support of the baptism of infants, albeit in indirect but important ways. The result is a straightforward and non-technical presentation of the biblical case for infant baptism that is designed to help Christians on both sides of the divide better understand the issues involved and appreciate the covenantal basis upon which the Reformed church retained the historic practice. *The Biblical Doctrine of Infant Baptism* Pierre Ch. Marcel, 1953 **Baptism and the Covenant of Grace** Michael Allen Rogers, 2022-08-30. A simple straightforward biblical explanation of why Christian believers should baptize their children. Originally written by a longtime pastor for his congregation, this book connects infant baptism with God's Covenant of Grace. **Circumcised by Water** William Mann, 2018-08-02. How many times have you thought about your own baptism? If you are one of the many who have been brought up in a church that includes infants, you probably don't even remember the waters running down. In our hurried world, not many stop to question a sacrament performed so long ago. Yet biblically, the sign was meant to signify your personal relationship with the God of the universe. What could be more important than this? At present, we face the reality that the way baptism is practiced has no choice but to portray crucial elements of the cross covenant. Does this arrangement merely offer us salvation, or does it signify our actual participation in the redemptive work of Christ? Down through the centuries, whole denominations have divided sharply over the issue, a situation that still remains with us. But for those caught under the waters, a burning question lingers: where in all of this do I stand with God? On a personal level, if you were unaware of the proceedings on that special day, one might be very surprised to learn how Old Testament circumcision answers this most important question. From its historical origins, spiritual realities, and harsh consequences, the practice of infant baptism must be revealed for what it is and is not. This book serves as a powerful resource for both layman and clergy to take a much deeper glimpse

into the nature of covenant relationships Once inside the reader will come to understand all that has happened to both the Church and the Gospel message ever since infant membership became a cultural norm A comprehensive effort in returning jurisdiction over the baptismal waters back to the priesthood of Christ this work will possess lasting value for anyone who wants to stand upright and true before the King **Covenantal Dispensationalism** Matthew Stamper,2010-03-23

Covenantal Dispensationalism reviews the history and development of Covenant Theology and Dispensationalism along the way highlighting the strengths and weaknesses of each hermeneutical system This work illustrates how the two sides have grown apart and seeks to reconcile the two by appealing to common theological concepts the two schools share as well as providing critique where one side has better evidence for a particular point of doctrine **Infant Baptism of Christ's**

Appointment Samuel Petto,2013-02-28 This work by Samuel Petto is a theological study on baptism demonstrating that infant baptism is of Christ s appointment Petto shows the proof of infant baptism which stems from two arguments the formula that Christ gave to baptize and that infants are visibly in the Covenant He gives solid biblical answers against a variety of objections as well as demonstrating the validity of infant baptism from the biblical Reformed perspective Then he also defends his work against arguments given by a Baptist advocate in his day He explains the biblical concepts of the Covenant of Grace the infants right to the covenant and how objections against these two ideas is biblically unattainable This is a masterful biblical and exegetical work from a renown covenant theologian This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of contents for electronic versions Infant Baptism and the Covenant of Grace Jewett Paulk,1978 **The Doctrine and Practice of Infant Baptism** John Brinsley,C. Matthew

McMahon,2014-11-07 In this masterful work Brinsley demonstrates both the doctrinal and exegetical nature of baptism and the practical side of baptism He says They to whom belongs the kingdom of God who are subjects and members of the kingdom of grace and heirs of the kingdom of glory they have right to this seal of the covenant by which their interest may be confirmed and sealed up to them Where in this meticulous statement do we find the phrase baptism or infant baptism or for that matter any hint of baptism of any kind This exquisite statement is exactly the same idea that covenant theologians have for centuries biblically demonstrated and expounded upon in order to confirm to the people of Christ s church the nature of the covenant of Christ as well as polemically deter those who would bar young children from the sacrament of baptism Yet this doctrinal statement simply gives the reader all the ammunition needed to defend the Gospel of the covenant of Christ It does this against those who would twist or change such a string of covenant pearls found in the bible which could never be unstrung It is the biblical substance which ushers in a thorough Reformation that only full covenant theologians who are the only thorough Reformers could accomplish for a full exposition of the Bible In reality infant baptism ought to be the last five minutes of a five day conversation of the covenant of God That is the substance of this work and the manner in which Brinsley treats God s covenant and infant inclusion in the Covenant of Grace It would be spiritually beneficial for the

church to consider such a statement in the full orb'd account of God's covenant from Genesis to Revelation This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions Covenant Holiness and Infant Baptism Thomas Blake, 2013-01-27 This work by Blake is a second treatment on covenant theology that was widely circulated during his time outside of his magnum opus work The Covenant of God This book is a combination of two treatises he wrote one concerning the covenant holiness of infants under the ordinance of baptism and a second treatise covering answers to questions surrounding whether there is sufficient ground in scripture to warrant the conscience of a Christian to present his infants to the sacrament of baptism Both are excellent Scriptural treatments of the subject with exegesis surrounding passages such as Galatians 2:15 Genesis 17:1 Corinthians 7 and Ephesians 4:1-3 This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of contents for electronic versions The Covenant of Grace and Infant-baptism William Masselink, 19?? The Covenant of Grace Opened Thomas Hooker, 2013-06-12 In this powerful treatise on the covenant of grace Hooker teaches from Genesis 17:23 And Abraham took Ishmael his son and all that were born in his house and circumcised the flesh of their foreskin as God had said unto him He covers 1 What the Covenant of Grace is 2 What the seals of the covenant are and 3 Who the parties and subjects are fit to receive these seals From all these particulars he shows how infant baptism is fully proved and vindicated His explanation is poignant clear practical and eminently biblical He shows what the covenant of grace is the spiritual efficacy of the covenant who are those capable of being in covenant with God the operation of the spirit the importance of federal holiness lawful administration of the covenant seals and he even takes time to refute Anabaptism His section on federal holiness is worth the cost of this volume alone This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of contents for electronic versions **Of Infant Baptism and Dipping.** **MS. notes [by Henry Birch].** John OWEN (D.D.), 1839 *A Discourse on Covenant Theology and Infant Baptism* Cuthbert Sydenham, 2013-01-10 This work on Covenant Theology and Infant Baptism is a complete Presbyterian treatment of the subject of infant inclusion in the Covenant and of the proper administration of the ordinance of baptism Cuthbert specifically writes against the rising error in his day of credo baptism or believers only baptism Cuthbert shows that the credo baptistic position is by inference only and how that position is scripturally unattainable and that it does not reflect the manner in which God works in covenant with his people He covers the nature of the Covenant made with Abraham whether the infants of believers may not be called in the New Testament the seed of Abraham and how any person may be said to be in the Covenant He exegetically expounds Acts 2:39 Matthew 3:8-9 1 Cor 7:14 Romans 11:15-17 Matthew 19:13-14 with Mark 10:13 and Luke 18:15-17 Col 2:11-12 Matthew 28:19 with Mark 16:15-16 Heb 10:22 and Acts 10:47 This is a masterful polemic against the error of dispensationalism and demonstrates faithfully the Scriptural foundation of God's covenant and ordinances This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of
