

INHERITING THE TRADE

*A Northern Family Confronts Its Legacy as the
Largest Slave-Trading Dynasty in U.S. History*

A Companion
to the PBS/P.O.V.
Documentary
**TRACES OF
THE TRADE**

THOMAS NORMAN DEWOLF

"I cannot recommend it highly enough. The book is terrific."
—Harry Smith, anchor, *The Early Show*, CBS

Inheriting The Trade A Northern Family Confronts

Jarvis L. Hargrove

Inheriting The Trade A Northern Family Confronts:

Inheriting the Trade Thomas Norman DeWolf, 2008-01-15 A trailblazing memoir about one family's quest to face its slave trading past and an urgent call for reconciliation In 2001 Thomas DeWolf discovered that he was related to the most successful slave trading family in U S history responsible for transporting at least ten thousand Africans This is his memoir of the journey in which ten family members retraced their ancestors steps through the notorious triangle trade route from New England to West Africa to Cuba and uncovered the hidden history of New England and the other northern states A difficult but necessary examination of the slave trade racism and privilege in the United States Inheriting the Trade is a powerful call for white America to reassess what they have been taught about their own ancestors about slavery and wealth and about America both past and present

Inheriting the Trade Thomas Norman DeWolf, 2008 In 2001 at forty seven Thomas DeWolf was astounded to discover that he was related to the most successful slave trading family in American history responsible for transporting at least 10 000 Africans to the Americas His infamous ancestor U S senator James DeWolf of Bristol Rhode Island curried favor with President Thomas Jefferson to continue in the trade after it was outlawed When James DeWolf died in 1837 he was the second richest man in America When Katrina Browne Thomas DeWolf's cousin learned about their family's history she resolved to confront it head on producing and directing a documentary feature film *Traces of the Trade A Story from the Deep North* Inheriting the Trade is Tom DeWolf's powerful and disarmingly honest memoir of the journey in which ten family members retraced the steps of their ancestors and uncovered the hidden history of New England and the other northern states Their journey through the notorious Triangle Trade from New England to West Africa to Cuba proved life altering forcing DeWolf to face the horrors of slavery directly for the first time It also inspired him to contend with the complicated legacy that continues to affect black and white Americans Africans and Cubans today Inheriting the Trade reveals that the North's involvement in slavery was as common as the South's Not only were black people enslaved in the North for over two hundred years but the vast majority of all slave trading in America was done by northerners Remarkably half of all North American voyages involved in the slave trade originated in Rhode Island and all the northern states benefited With searing candor DeWolf tackles both the internal and external challenges of his journey writing frankly about feelings of shame white male privilege the complicity of churches America's historic amnesia regarding slavery and our nation's desperate need for healing An urgent call for meaningful and honest dialogue Inheriting the Trade illuminates a path toward a more hopeful future and provides a persuasive argument that the legacy of slavery isn't merely a southern issue but an enduring American one Exploring the links between a grand Rhode Island mansion and dungeons in Ghana Tom DeWolf traces the infernal trade that gave his family and this country great wealth and power His journey into the past forces painful questions to the surface and illuminates our present Henry Wiencek Winner of the National Book Critics Circle Award and author of *An Imperfect God* George Washington His Slaves and the Creation of America Thomas DeWolf's personal journey

into his family's long hidden slave trading past is a compelling invitation to explore how our country and many institutions including churches benefited from this dark chapter. Such exploration is essential if we are to move forward to a place of repair and racial reconciliation. Frank T. Griswold, 25th Presiding Bishop of The Episcopal Church, Tom DeWolf's deeply personal story of his own journey as well as his family's is required reading for anyone interested in reconciliation. Healing from our historic wounds that continue to separate us requires us to walk this road together. Myrlie Evers Williams, civil rights leader, chairman emeritus of the NAACP, 1995-98 and author of *The Autobiography of Medgar Evers: Watch Me Fly* and *For Us the Living: Inheriting the Trade* is like a slow motion mash up a first person view from within one of the country's founding families as it splinters then puts itself back together again. Edward Ball, author of *Slaves in the Family: Inheriting the Trade* is a candid, powerful and insightful book about how one family de

Slavery in the Age of Memory Ana Lucia Araujo, 2020-10-15 Exploring notions of history, collective memory, cultural memory, public memory, official memory and public history. *Slavery in the Age of Memory: Engaging the Past* explains how ordinary citizens, social groups, governments and institutions engage with the past of slavery and the Atlantic slave trade. It illuminates how and why over the last five decades the debates about slavery have become so relevant in the societies where slavery existed and which participated in the Atlantic slave trade. The book draws on a variety of case studies to investigate its central questions: How have social actors and groups in Europe, Africa and the Americas engaged with the slave past of their societies? Are there any relations between the demands to rename streets of Liverpool in England and the protests to take down Confederate monuments in the United States? How have black and white social actors and scholars influenced the ways slavery is represented in George Washington's Mount Vernon and Thomas Jefferson's Monticello in the United States? How do slave cemeteries in Brazil and the United States and the walls of names of Whitney Plantation speak to other initiatives honoring enslaved people in England and South Africa? What shared problems and goals have led to the creation of the International Slavery Museum in Liverpool and the National Museum of African American History and Culture in Washington DC? Why have artists used their works to confront the debates about slavery and its legacies? The important debates addressed in this book resonate in the present day. Arguing that memory of slavery is racialized and gendered, the book shows that more than just attempts to come to terms with the past, debates about slavery are associated with the persistent racial inequalities, racism and white supremacy which still shape societies where slavery existed. *Slavery in the Age of Memory: Engaging the Past* is thus a vital resource for students and scholars of the Atlantic world, the history of slavery and public history.

From Here to Equality, Second Edition William A. Darity Jr., Andrea Kirsten Mullen, 2022-07-27 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn. At several historic moments the trajectory of racial inequality could have been altered dramatically. But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation. Today systematic inequality persists in the form of housing discrimination, unequal

education police brutality mass incarceration employment discrimination and massive wealth and opportunity gaps Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents This compelling and sharply argued book addresses economic injustices head on and make the most comprehensive case to date for economic reparations for U S descendants of slavery Using innovative methods that link monetary values to historical wrongs William Darity Jr and A Kirsten Mullen assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War and offer a detailed roadmap for an effective reparations program including a substantial payment to each documented U S black descendant of slavery This new edition features a new foreword addressing the latest developments on the local state and federal level and considering current prospects for a comprehensive reparations program

The Weight of Whiteness Alison Bailey, 2021-02-23 Check your privilege is not a request for a simple favor It asks white people to consider the painful dimensions of what they have been socialized to ignore Alison Bailey's *The Weight of Whiteness: A Feminist Engagement with Privilege, Race, and Ignorance* examines how whiteness misshapes our humanity measuring the weight of whiteness in terms of its costs and losses to collective humanity People of color feel the weight of whiteness daily The resistant habits of whiteness and its attendant privileges however make it difficult for white people to feel the damage White people are more comfortable thinking about white supremacy in terms of what privilege does for them rather than feeling what it does to them The first half of the book focuses on the overexposed side of white privilege the side that works to make the invisible and intangible structures of power more visible and tangible Bailey discusses the importance of understanding privileges intersectionally the ignorance preserving habits of white talk and how privilege and ignorance circulate in educational settings The second part invites white readers to explore the underexposed side of white dominance the weightless side that they would rather not feel The final chapters are powerfully autobiographical Bailey engages readers with a deeply personal account of what it means to hold space with the painful weight of whiteness in her own life She also offers a moving account of medicinal genealogies which helps to engage the weight she inherits from her settler colonial ancestors The book illustrates how the gravitational pull of white ignorance and comfort are stronger than the clean pain required for collective liberation The stakes are high Failure to hold the weight of whiteness ensures that white people will continue to blow the weight of historical trauma through communities of color

Without Us No U.S. Daisy G. G. Collins, 2020-05-01 There are several reasons that African Americans can say accurately on behalf of their enslaved African American Ancestors and themselves WITHOUT US NO U S Just two of the reasons are the following 1 Without the agreement to keep the African American Ancestors enslaved the union of the thirteen colonies would not have been formed and the United States would not exist in its present form and 2 Without the wealth created by the unpaid forced and very valuable labor of the enslaved African American Ancestors the Founding LaborersR that laid the economic foundation of the United States of America this country would not be the economic power it is today The Founding

LaborersR of the United States should be elevated to the high place equal to the Founding Fathers that they deserve in the history of the United States It is illogical for African Americans to be criticized for being at the bottom of almost every measure of economic success when a realistic analysis is that if African Americans had inherited the tremendous wealth created by their enslaved African American Ancestors African Americans would today be more competitive economically One interesting statistic is that in 2013 black women earned 64 percent of the amount white men earned and black men earned 75 percent Apparently America still treats the descendants of the enslaved persons as three fifths of all other persons or little more than that just as the original Constitution did Three fifths is 60 percent Fairness requires some form of reparations to correct this imbalance The African American Ancestors have not been paid Moreover the Founding LaborersR should be thanked for the invaluable contributions they made to the United States The government has never said thank you to the enslaved African Americans Ancestors or their descendants No one has ever given an official apology for the egregious wrongs inflicted on the enslaved African American Ancestors and their descendants The United States Government should say Thank you and it should apologize

The United States and the Transatlantic Slave Trade to the Americas, 1776-1867 Leonardo Marques,2016-01-01 T U V W Z **Slavery in the North** Marc Howard Ross,2018-08-01 In 2002 we learned that President George Washington had eight and later nine enslaved Africans in his house while he lived in Philadelphia from 1790 to 1797 The house was only one block from Independence Hall and though torn down in 1832 it housed the enslaved men and women Washington brought to the city as well as serving as the country s first executive office building Intense controversy erupted over what this newly resurfaced evidence of enslaved people in Philadelphia meant for the site that was next door to the new home for the Liberty Bell How could slavery best be remembered and memorialized in the birthplace of American freedom For Marc Howard Ross this conflict raised a related and troubling question why and how did slavery in the North fade from public consciousness to such a degree that most Americans have perceived it entirely as a Southern problem Although slavery was institutionalized throughout the Northern as well as the Southern colonies and early states the existence of slavery in the North and its significance for the region s economic development has rarely received public recognition In *Slavery in the North* Ross not only asks why enslavement disappeared from the North s collective memories but also how the dramatic recovery of these memories in recent decades should be understood Ross undertakes an exploration of the history of Northern slavery visiting sites such as the African Burial Ground in New York Independence National Historical Park in Philadelphia the ports of Rhode Island old mansions in Massachusetts prestigious universities and rediscovered burying grounds Inviting the reader to accompany him on his own journey of discovery Ross recounts the processes by which Northerners had collectively forgotten 250 years of human bondage and the recent and continuing struggles over recovering and commemorating what it entailed Cuba (Winner of the Pulitzer Prize) Ada Ferrer,2022-06-28 Proporcionado por el ed In 1961 at the height of the Cold War the United States severed diplomatic

relations with Cuba where a momentous revolution had taken power three years earlier For more than half a century the stand off continued through the tenure of ten American presidents and the fifty year rule of Fidel Castro His death in 2016 and the retirement of his brother and successor Ra l Castro in 2021 have spurred questions about the country s future Meanwhile politics in Washington Barack Obama s opening to the island Donald Trump s reversal of that policy and the election of Joe Biden have made the relationship between the two nations a subject of debate once more Now award winning historian Ada Ferrer delivers an ambitious chronicle written for an era that demands a new reckoning with the island s past Spanning more than five centuries Cuba An American History reveals the evolution of the modern nation with its dramatic record of conquest and colonization of slavery and freedom of independence and revolutions made and unmade Along the way Ferrer explores the influence of the United States on Cuba and the many ways the island has been a recurring presence in US affairs This is a story that will give Americans unexpected insights into the history of their own nation and in so doing help them imagine a new relationship with Cuba Filled with rousing stories and characters and drawing on more than thirty years of research in Cuba Spain and the United States as well as the author s own extensive travel to the island over the same period this is a stunning and monumental account like no other *Ecological and Social Healing* Jeanine M. Canty, 2025-04-03 A compendium of diverse women and nonbinary femmes the second expanded edition of this book highlights the contributors journeys with straddling social and ecological issues through both their professional and personal paths and reveals how straddling these edges has surfaced new learning models and practices for collective healing The contributors span multiple generations and positionalities and are prominent academics writers teachers artists leaders and healers Ecological and Social Healing is rooted in the power of integrating multiple and often conflicting views and the transformations that result This book is rooted in academic theory as well as personal and professional experience and highlights emerging models and insights It will appeal to those working teaching and learning in the fields of social justice environmental issues women and gender studies animal rights ecopsychology spirituality transformative studies transdisciplinarity leadership and interdisciplinary intersectionality studies as well as anyone straddling the boundaries of gender race ecology and the crises of our times and are looking for new ways of being

Unveiling the Magic of Words: A Overview of "**Inheriting The Trade A Northern Family Confronts**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Inheriting The Trade A Northern Family Confronts**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
