Jung and James Hillman as readers are guided on a provocative and lively journey through darker aspects of the sexual imagination Contextualized both in sexual history and contemporary events the book unveils surprising points of correspondence between the tortured fantasy images of Jung's *The Red Book* and the modern world of BDSM and describes from Hillman's psychology a soul centered perspective that affirms the psychological value of fantasy images animating our human lives The book also considers the collective archetypal sources of historical trauma which have provided inspiration to some of the more disquieting aspects of BDSM and details how the deep psychology of BDSM creates a space in the modern world to ethically engage these practices Kinksters and BDSM practitioners will discover a psychological language that clarifies and affirms why these activities and relationships can be so intensely intimate pleasurable and transformative Psychotherapists and enthusiasts of Jungian and archetypal psychology will find fresh insights here that support the practice of BDSM as a form of individuation and a path for bringing soul into the world [Vulgar Genres](#) Steven

The Ripper Inside Us Rebecca Frost, 2024-04-10 The story of Jack the Ripper has had continual interest since he stalked the streets of Whitechapel during the Autumn of Terror in 1888 During this time the murders of the Canonical Five made headlines all over the world while in the modern day the Ripper story continues to permeate all forms of media on the page screen in podcasts and in fiction We continue to search for something we will likely never and perhaps do not even wish to discover Jack's true name This book looks at the lasting intrigue of Jack the Ripper and how his story and the stories of the Canonical Five victims are brought back to life through modern lenses As psychological approaches and scientific techniques advance the Ripper's narrative evolves opening a more diverse means of storytelling and storytellers How these storytellers attempt to construct a full tale around the facts including the burning questions of motive and identity says more about us than the Ripper

Many Splendored Things Susanna Paasonen, 2018-11-27 Exploring sex bodily capacities appetites orientations and connections in terms of play and playfulness We all know that sex involves a quest for pleasure that sexual palates vary across people's lifespans and that playful experimentations play a key role in how people discover their diverse sexual turn ons and turn offs Yet little attention has been paid to thinking through the interconnections of sex and play sexuality and playfulness In *Many Splendored Things* from Goldsmiths Press Susanna Paasonen considers these interconnections Paasonen examines the notions of playfulness and play as they shed light on the urgency of sexual pleasures the engrossing appeal of sex and the elasticity of sexual desires and considers their connection to categories of identity Drawing on a broad range of scholarship on sexuality play and the media Paasonen moves from the conceptual to the concrete examining advice literature on sexual play the vernacular aesthetics of the *Fifty Shades* series girls experiences of online sexual role playing popular media coverage of age play and Jan Soldat's documentary films on BDSM culture Paasonen argues that play in the realm of sexuality involves experimentation with what bodies can feel and do and what people may imagine themselves as doing liking and preferring Play involves the exploration

of different bodily capacities appetites orientations and connections Occasionally strained dark and even hurtful in the forms that it takes and the sensory intensities that it engenders sex presses against previously perceived and imagined horizons of embodied potentiality Play pushes sexual identifications into motion **The Space of Sex** Shelton Waldrep,2021-05-20 As film and television become ever more focused on the pornographic gaze of the camera the human body undergoes a metamorphosis becoming both landscape and building part of an architectonic design in which the erotics of the body spread beyond the body itself to influence the design of the film or televisual shot The body becomes the mise en scene of contemporary moving imagery Opening The Space of Sex Shelton Waldrep sets up some important tropes for the book the movement between high and low art the emphasis on the body looking and framing the general intermedial and interdisciplinary methodology of the book as a whole The Space of Sex s second half focuses on how sex gender and sexuality are represented in several recent films including Paul Schrader s The Canyons 2013 Oliver Stone s Savages 2012 Steven Soderbergh s Magic Mike 2012 Lars Von Trier s Nymphomaniac 2013 and Joseph Gordon Levitt s Don Jon 2013 Each of these mainstream or independent movies and several more are examined for the ways they have attempted to absorb pornography if not the pornography industry specifically into their plot According to Waldrep the utopian elements of seventies porn get reprocessed in a complex way in the twenty first century as both a utopian impulse the desire to have sex on the screen to re eroticize sex as something positive and lacking in shame with a mixed feeling about pornography itself with an industry that can be seen in a dystopian light In other words sex in our contemporary world still does not come without compromise

Sexual Archetypes Dorian Ashwood,AI,2025-05-05 Sexual Archetypes explores the captivating world of recurring characters in erotic literature and art revealing their profound psychological impact It delves into figures like the Dominant Submissive Innocent and Seductress demonstrating how these archetypes mirror our unconscious desires and societal power dynamics By tracing their evolution from ancient myths to modern pornography the book highlights how shifting social attitudes shape these characters portrayals One intriguing fact is how these archetypes often dismissed as clichés are deeply embedded in the human psyche representing fundamental aspects of our emotional and sexual experiences This unique study uses Jungian psychology to analyze erotic texts offering a fresh perspective on underlying psychological dynamics The book progresses by first introducing key concepts from psychology literary analysis and gender studies then examining specific sexual archetypes and finally exploring their practical implications on relationships and sexual identity Sexual Archetypes aims to help readers understand their own desires navigate relationships and critically engage with erotic media

Disturbing Attachments Kadji Amin,2017-08-31 Jean Genet 1910 1986 resonates perhaps more than any other canonical queer figure from the pre Stonewall past with contemporary queer sensibilities attuned to a defiant non normativity Not only sexually queer Genet was also a criminal and a social pariah a bitter opponent of the police state and an ally of revolutionary anticolonial movements In Disturbing Attachments Kadji Amin challenges the idealization of Genet as a

paradigmatic figure within queer studies to illuminate the methodological dilemmas at the heart of queer theory Pederasty which was central to Genet's sexuality and to his passionate cross racial and transnational political activism late in life is among a series of problematic and outmoded queer attachments that Amin uses to deidealize and historicize queer theory He brings the genealogy of Genet's imaginaries of attachment to bear on pressing issues within contemporary queer politics and scholarship including prison abolition homonationalism and pinkwashing Disturbing Attachments productively and provocatively unsettles queer studies by excavating the history of its affective tendencies to reveal and ultimately expand the contexts that inform the use and connotations of the term queer

Public Nudity and the Rhetoric of the Body Brett

Lunceford, 2018-12-14 Although nudity is something that everyone has experience with public nudity is still largely considered taboo Public Nudity and the Rhetoric of the Body examines instances of public nudity where sexuality is at the forefront of public body display It presents a range of case studies the legal aspects of sexualized public nudity as it relates to communication theory and the First Amendment the controversies surrounding the work of photographer Jock Sturges the public performance art of Milo Moir the topless protests of FEMEN the social media activism of Aliaa Magda Elmahdy the ritualized flashing during Mardi Gras in New Orleans and the sexual displays of Folsom Street Fair the largest leather pride festival Taken together these cases teach much about identity self determination and sexuality and illustrate the complicated rhetorical nature of the human body in the public sphere
