ANDREYEV as a literary figure was born in the gloomy atmosphere of depression of the nineties He thus appeared upon the literary stage at a period when the old and splendid generation of Turgenev and Dostoevsky had already passed away and when Chekhov had begun to demonstrate before the reader the gloom and colourlessness of Russia life This was a period when the social forces of Russia were half destroyed by the reaction under Alexander III and when the young generation was trying to rest and to get away from the strain of social hopes and despair This period briefly speaking was a period of

melancholy of commonplace every day preoccupations and of dull terre terre philosophy He Who Gets Slapped Gregory Zilboorg Nikolaevich Andreev,2022-10-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant He who Gets Slapped, a Play in Four Acts, by Leonid Andreyev. Library (Worcester, Mass.),1920 Degeneration, decadence and disease in the Russian fin de siècle Frederick

White,2015-11-01 Early in the twentieth century Russia was experiencing a decadent period of cultural degeneration just as science was developing ways to identify medical conditions which supposedly reflected the health of the entire nation Leonid Andreev the leading literary figure of his time stepped into the breach of this scientific discourse with literary works about degenerates The spirited social debates on mental illness morality and sexual deviance which resulted from these works became part of the ongoing battle over the definition and depiction of the irrational complicated by Andreev s own publicised bouts with neurasthenia This book examines the concept of pathology in Russia the influence of European medical discourse

the development of Russian psychiatry and the role that it had in popular culture by investigating the life and works of Andreev It engages the emergence of psychiatry and the role that art played in the development of this objective science
