**Headlong Hall** Thomas Love Peacock, 2011-10-01 Think humor writing is solely the province of modern writers Think again The early nineteenth century novel Headlong Hall is a hilarious foray into the world of the British upper class where well funded heirs have nothing but time on their hands to pursue increasingly bizarre hobbies and interests In Headlong Hall a group of these obsessives is gathered together at the lavish Welsh estate of Squire Harry Headlong Ap Rhaiader Esq and predictably things don't exactly go swimmingly **Headlong Hall ... thought and felt and why she did what she did despite the fact that Mary and her group of second generation Romantics were extremely interested in the psychological aspect of life In this probing narrative Fiona Sampson pursues Mary Shelley through her turbulent life much as Victor Frankenstein tracked his monster across the arctic wastes Sampson has written a book that finally answers the question of how it was that a nineteen year old came to write a novel so dark mysterious anguished and psychologically astute that it continues to resonate two centuries later No previous biographer has ever truly considered this question let alone answered it **The Spectator** ,1896 *Book and Library Sales Catalogues* Sotheby & Co.
