## **Healing A Womans Journey From Doctor To Nun:**

**Healing** Sister Dang Nghiem, 2006-10-09 This extraordinary story takes the reader from the rice fields of Vietnam to the peaceful surrounding of Thich Nhat Hanh's monastery in Plum Village where Sister Dang Nghiem took refuge. There she gained a deep understanding of the Buddhist teachings of mindfulness forged in the fire of her own life experience. Ordained as a nun by Thich Nhat Hanh who gave her the name Dang Nghiem, adorned with nondiscrimination. Healing shows how the insights gained by her personal experiences now enable Sister Dang Nghiem to become a support and resource for others. With humor, insight, and an irrepressible sense of joy, Sister Dang Nghiem's story demonstrates how one woman's unique path can provide clarity and guidance for everyone. Foreword by Thich Nhat Hanh     Mindfulness as Medicine Sister Dang Nghiem, 2015-03-02 A Buddhist nun shares her profound journey of healing plus step by step directions for embracing and transforming suffering through mindfulness meditation and other techniques. Before she became a Buddhist nun in the tradition of Thich Nhat Hanh, Sister Dang Nghiem was a doctor. She'd traveled far in her 43 years. Born during the Tet Offensive and part of the amnesty for Amerasian children of the late 1970s, Dang Nghiem arrived in this country virtually penniless and with no home. She lived with three foster families but graduated high school with honors, earned two undergraduate degrees, and became a doctor. When the man she thought she'd spend her life with suddenly drowned, Sister Dang Nghiem left medicine and joined the monastic community of Thich Nhat Hanh. It is from this vantage point that Dang Nghiem writes about her journey of healing in *Mindfulness as Medicine*. Devastated by the diagnosis and symptoms of Lyme, she realized that she was also reliving many of the unresolved traumas from earlier in her life. She applied both her medical knowledge and her advanced understanding and practice of mindfulness to healing. Through meditation, she finally came to understand what it means to master suffering.     *Leading with Love* Hisae Matsuda, 2018-10-16 When the world is burning with anger, divisiveness, and fear, this book of inspiring quotes selected by the editors of Parallax Press is a still, small voice in the storm that will bring peace of mind to the reader. With delicate illustrations by artist Maude White, this book speaks to the vulnerability and courage of holding space for the loving, connected, and more beautiful world our hearts know is possible. This book is a gift, solace, and inspiration for idealists, progressives, and anyone fighting the good fight. In the long tradition of spiritual activists from Martin Luther King Jr. and Thich Nhat Hanh to new and less known voices, this book of 100 quotes draws from a range of contemplative traditions and offers wisdom and nourishment for anyone engaged in working for a more compassionate world. Quotes include those by Thich Nhat Hanh, Sister Chan Khong, Joanna Macy, Sulak Sivaraksa, and others on themes of awareness, idealism, kindness, self-compassion, truth-telling, transformation, resilience, and love.

**Healing and Medicine** Paul Dieppe, 2023-12-29 Healing is on many people's minds today In the wake of the COVID 19 pandemic and a host of other disruptions and disasters many of us feel that we need healing in our personal lives for the environment and for our planet But healing is rarely defined and is not an accepted part of medicine in the West This book examines the relationship between healing and medicine through the eyes of an academic physician who changed his interests from biomedical research to healing late in his career in medicine It is based on his experiences and stories of his encounters with patients practitioners and others for whom healing has had a particular significance as well as his rigorous research into the subject A central theme of the book is that modern medicine needs to be more pluralistic in its approach to health and accept that spirituality and healing techniques have roles to play alongside scientific medicine which currently has its base in materialism alone

**Healing the Soul after Religious Abuse** Mikele Rauch, 2009-03-20 Recent scandals of clergy sexual abuse have brought attention to the victims and their responses to and recovery from their abuse But few have considered the effect of the abuse on a victim's soul and religious outlook and beliefs Healing the Soul after Religious Abuse offers a unique perspective of recovery and restoration of the soul after religious abuse The author argues that religious abuse often stops not only psychological growth but also inward development The effect is not simply emotional because the devastation reaches to the core of the spirit Often there is no place for a God of love or a love of what once was divine Through a series of personal interviews with persons from the five major religions Rauch considers various ways that religion can do harm The stories told in this book include the road to restoration in the wake of institutional abuse and how inner experience is sometimes confused with religious training the sacred task of spiritual leadership and how to restore

trust when there has been a violation an exploration of sacrifice and a clarification of the notion of shame a look at the impact of religious bigotry in the areas of race sexuality and tolerance an overview of sexuality and the place it holds in both celibate and family life the pernicious issue of clergy sexual abuse and the signs of spiritual trauma in response to such violation a roadmap for restoration and a challenge to religious institutions and lastly ways to reclaim the sacred and rewire the spirit Through interviews research and personal stories the author tells a story of recovery of the most delicate kind offering pathways through the dark night of religious violation to a restoration of the soul and its immense possibilities

**My Healing Heart** Rosalie B. Kahn, 2011-09 My Healing Heart is the simple true story of Rosalie's search for God and love Her quest began early in life catalyzed by a painful childhood marked by sexual and emotional abuse As this story unfolds you are given a window into Rosalie's trials tribulations and joys during her lifelong search for love and truth It's her story but it's also your story If you suffered from abuse or some other form of betrayal no one taught you how to make sense of what happened No one showed you how to heal No one gave you a map of how to communicate your feelings without harming yourself or others in the process My Healing Heart will help you to understand through Rosalie's challenges heartaches and personal healings that you have a multitude of resources for overcoming your own obstacles You will learn through her experiences and through her wisdom gained from applying the philosophies and teachings of respected spiritual masters like Edgar Cayce the sleeping prophet You will also share her journey across several continents during her twenty six year career in the US Foreign Service After reading My Healing Heart you will have no doubt that your heart can also be healed

God's Eugenicist Andrés Horacio Reggiani, 2007 The temptations of a new genetically informed eugenics and of a revived faith based world wide political stance this study of the interaction of science religion politics and the culture of celebrity in twentieth century Europe and America offers a fascinating and important contribution to the history of this movement The author looks at the career of French born physician and Nobel Prize winner Alexis Carrel 1873 1944 as a way of understanding the popularization of eugenics through religious faith scientific expertise cultural despair and right wing politics in the 1930s and 1940s Carrel was among the most prestigious experimental surgeons of his time who also held deeply illiberal views In *Man the Unknown* 1935 he endorsed fascism and called for the elimination of the unfit The book became a huge international success largely thanks to its promotion by Readers Digest as well as by the author's friendship with Charles Lindbergh In 1941 he went into the service of the French pro German regime of Vichy which appointed him to head an institution of eugenics research His influence was remarkable affecting radical
