

QUALITY CHASM SERIES

An illustration of a bridge spanning a deep, dark chasm. The bridge is a light, sandy color and curves from the left side of the frame towards the right. A group of approximately ten people, dressed in professional attire like coats and suits, are walking across the bridge from left to right. They are carrying briefcases and bags. The background consists of steep, rocky cliffs in shades of brown and tan. The overall scene is rendered in a painterly, somewhat somber style.

Ford, Kimberly B. Garza, Lindsey E. Moseley, Emily B. Wilkins, 2024-01-16 The evolving landscape of healthcare tasks health professions educators with preparing the next generation of providers to be adaptable responsive and self directed to ensure that they are prepared for entry into practice The complexity of developing implementing and assessing health professions education is further compounded when educators consider the expectations of their learners and strive to integrate their needs and expectations into the learning environment As a result of the varying academic requirements of health professions disciplines educators may be faced with teaching students spanning multiple generations to primarily include Millennial and Generation Z learners Educators must be prepared to anticipate identify and respond to differing generational expectations to ensure that health professions students are equipped with the knowledge skills and abilities needed for practice This book examines generational differences between Millennial and Generation Z learners to inform health professions educators of those

generational characteristics and expectations The book also illustrates how higher education has evolved and changed as a result of the COVID 19 pandemic and the impending demographic cliff how educators can adapt the varying learning environments classroom clinical and experiential present within health professions education and provide best practices to consider when developing implementing and revising learning opportunities      *Leading and Managing in Nursing - E-Book* Patricia S.
