Heart Of Home People Wildlife Place:

Heart of Home Ted Kerasote,1997 In Heart of Home Ted Kerasote makes the case for all three These thoughtful provocative essays and stories showcase Kerasote at his best probing the evolving relationship between humans and nature

Merle's Door Ted Kerasote,2008 Describes how the author adopted a wild dog by installing a dog door so that the dog could live both inside and outside in a study of human dog partnership and animal consciousness and behavior **Wild**

Games Dennis Ray Cutchins,Eric Alden Eliason,2009 Humans understand at least some of what it means to be human both literally and figuratively in reference to wild animals Our relationships with wildlife have traditionally been expressed in terms of hunting more recently these relationships have also been manifest as efforts to prevent hunting Hunting and fishing traditions are in fact under fire by critics at the same time that they are receding of their own accord perhaps becoming even more endangered than any of the pursued animals These traditions form the major focus of Wild Games a new collection of essays that looks at the folklore and culture of various hunting and fishing practices documenting the central importance of hunting to many rural societies even in modern times Editors Dennis Cutchins and Eric Eliason contend that hunters often don't perceive of themselves as separate from the wild but rather identify strongly with a natural order integrated with rather than standing apart from the fluctuation of ecosystems And they frequently don't see wild animals as set apart but understand them as food sources competitors friendly rivals and even equals Featuring contributions from a variety of distinguished scholars and writers including an essay by the noted folklorist Simon Bronner on the culture of the deer camp a fascinating account of coyote tracking by Eric Eliason and an examination of the role of gender in outdoor life by Diane Humphrey Lueck this book shows how the traditions of hunting and fishing tend to bind hunter and prey into ancient patterns that often defy contemporary culture Book Jacket Pukka's Promise Ted Kerasote,2018-06-01 This guide by the

author of Merle's Door is beneficial for anyone who wants to ensure that their dogs will be healthy and well Seattle Post Intelligencer From the bestselling author who offers the most utterly compelling translation of dog to human I have ever seen Jeffrey Masson this is a joyful chronicle of a dog and a groundbreaking answer to the question How can we give our dogs the happiest healthiest lives When Ted Kerasote was ready for a new dog after losing his beloved Merle who died too soon as all our dogs do he knew he wanted to give his puppy Pukka the longest life possible But how to do that So much has changed in the way we feed vaccinate train and live with our dogs from even a decade ago In an adventure that echoes The Omnivore's Dilemma with a canine spin Kerasote tackles these subjects questioning our conventional wisdom and emerging with vital new information that will surprise even the most knowledgeable dog lovers Can a purebred be as healthy as a mixed breed How many vaccines are too many Should we rethink spaying and neutering Is raw food really healthier than kibble and should your dog be chewing more bones Traveling the world and interviewing breeders veterinarians and leaders of the animal welfare movement Kerasote pulls together the latest research to help us rethink the everyday choices we make for

our companions And as he did in Merle's Door Kerasote interweaves fascinating science with the charming stories of raising Pukka among his dog friends in their small Wyoming village Funny revelatory and full of the delights of falling in love with a dog Pukka's Promise will help redefine the potential of our animal partners Hemingway and Women Lawrence R. into another far stranger dance Its transcendent power will carry Jefferji closer to a fiercer god than he could have dreamed possible if he manages to survive its passion The Onion Girl Charles de Lint,2002-08-03 Charles de Lint s stunning new novel of magic and danger in the modern world **Proceedings of the Western Association of Fish and Wildlife Agencies and the Western Division, American Fisheries Society** Western Association of Fish and Wildlife Agencies (U.S.),1997 **The Heart of the Wild** Joel Berger,Susan Clayton,2024-08-13 How do we keep a love of nature and the wild alive in our increasingly human dominated world According to the scientists and writers in this book doing so is of paramount significance however the answer is not necessarily blanket preservation of wild places which is increasingly unrealistic Rather the answer to how to care for nature is more nuanced and often entails acceptance of a broader definition of wild as well and what it means to experience nature This book will be divided into two parts In the first part authors will explore and complicate what wildness means For example science writer Emma Marris argues that spontaneous vegetation and free roaming animals in cities actually possess more autonomy than the wolves or pines of Yellowstone biologist Jonathan Losos asks whether invasive species are necessarily detrimental and may even play a role in restoring ecosystems and psychologist Susan Clayton discusses new ways of experiencing nature particularly via technology and what the benefits and limitations may be In the second half of the book essays will reflect on the roles of naturalism natural history and nature education communication in helping us connect with wild species and landscapes at a time when many of those connections have frayed or even lost altogether Provided by publisher **Cross References: Mind** Farokh J.
